

ECE 410 Lab Grading Sheet  
**Lab 4**

Student Name: \_\_\_\_\_

---

**Instructions**

*Print this grading sheet, write your name at the top, and give it to the TA during your lab check off (by 4pm Friday). Include this as the cover page to your lab report.*

---

**TA Grading Section**

**Check Off**

*During your in-lab check off, be prepared to show the TA the following:*

- INV post layout transient simulation graph
- INV post layout DC transfer curve
- NAND post layout transient simulation graph (worst-case transition only)
- NOR post layout transient simulation graph (worst-case transition only)
- NAND post layout DC transfer curve (unique case only)
- Schematic and truth table for function  $F$
- Timing simulation results for function  $F$  (critical path transitions only)

| Date | TA | Score (0-5) |
|------|----|-------------|
|      |    |             |

**Worksheet Score**

| TA | Report<br>Score (0-15) | Total<br>Score (0-20) |
|----|------------------------|-----------------------|
|    |                        |                       |

TA Comments

\_\_\_\_\_ (of 5) Organization & Quality

\_\_\_\_\_ (of 5) Completeness & Correctness of Figures

\_\_\_\_\_ (of 5) Discussion Topics
