There may be some students who have done co-ops, study abroad, or other program away from campus, that have already had ME 461 with labs, and thus will have some labs repeated from ME 461. After much consideration and deliberation between the instructors for ME 451, the Associate Chair for undergraduate programs, and the Department Chair, the policy is for all students to do all of the assigned lab material in the current ME 451 lab.
