

Awards Convocation 2003

Four College of Engineering faculty were honored at MSU's 2003 Awards Convocation, held February 11 in the Pasant Theatre at the Wharton Center for the Performing Arts.

Receiving Distinguished Faculty Awards were Roger C. Haut, professor of mechanical engineering; and K. N. Subramanian, professor of chemical engineering and materials science. These awards are based on a comprehensive and sustained record of scholarly excellence in research and/or creative activities, instruction, and outreach.

Charles B. Owen, assistant professor of computer science and engineering, received a Teacher-Scholar Award. These awards recognize faculty who early in their careers have earned the respect of students and colleagues for their devotion to and skill in teaching, and who have shown scholarly promise.

The College of Engineering honored faculty and staff members for excellence in teaching and service at the 13th annual Engineering Awards Luncheon held April 3, 2003, at the University Club. The John D. and Dortha J. Withrow Endowed Teacher/Scholar/Service Award Program recognizes faculty of the College of Engineering who have demonstrated excellence in instructional and scholarly activities and rendered distinguished service to the university and the student body. The Gloria Stragier Award recognizes non-academic staff members for dedicated and creative service. ☺

BACK ROW, LEFT TO RIGHT: Mackenzie L. Davis, professor of civil and environmental engineering (fourth-time recipient of the Teaching Excellence Award); Brian L. Wright, research/instructional equipment technologist for the Department of Electrical and Computer Engineering (Gloria Stragier Award for Dedicated and Creative Service); Mark H. McCullen, academic specialist in the Department of Computer Science and Engineering (third-time recipient of the Teaching Excellence Award); Gregory Wierzba, associate professor of electrical and computer engineering (fourth-time recipient of the Teaching Excellence Award). FRONT ROW: Craig W. Somerton, associate professor of mechanical engineering (third-time recipient of the Teaching Excellence Award); Michael A. Shanblatt, professor of electrical and computer engineering (Exceptional Service Award); K. N. Subramanian, professor of chemical engineering and materials science (Senior Distinguished Scholar Award and Teaching Excellence Award); John B. Gerrish, professor of agricultural engineering (Teaching Excellence Award); Hayder Radha, associate professor of electrical and computer engineering (Junior Distinguished Scholar Award).
