Leaders Encouraging Academic Development (LEAD)
Mentee Interest Form

Why should I get a LEAD mentor?
Leaders Encouraging Academic Development (LEAD) is a peer mentorship program designed to connect first and second year students with upper level Engineering students. You may ask yourself, why do I need a mentor? Well, there are many reasons to have a mentor. Mentors provide friendship, advice about college life, academic assistance, and networking opportunities with other students, faculty, and staff on campus.
