Leaders Encouraging Academic Development (LEAD)
Mentor Interest Form

Why should I become a LEAD mentor?
Leaders Encouraging Academic Development (LEAD) is a peer mentorship program sponsored through the Diversity Programs Office and designed to connect first and second year students with upper level Engineering students. You may ask yourself, why should I be a mentor? Well, there are many reasons to become a mentor. Mentoring is one of the most humane acts one can do. Mentoring allows you to be a resource, a friend, and an inspiration to other students who are where you have been.
