(Scholarships require full-time status – 12 credits or more each semester of enrollment)

Check if you expect to be on a co-op in Fall 10 ____ Spring 11 ____ Summer 11 ____

The data below is to determine eligibility for certain scholarships with special requirements.

1. ____ Member of MSU Amateur Radio Club (must qualify for financial need)
2. If you were/are a Boy Scout or Girl Scout and meet one of these ranks, please check the appropriate rank.
Boy Scout: ____ Eagle Palm ____ Eagle ____ Life **Girl Scout:** ____ Gold Award ____ Silver Award
3. If you are a CE student, list courses you have taken and grades you received in Construction Management, Program Management, Design/Build, General Contracting, and/or Real Estate Development (list relevant job experience on your resume): _____
4. Each year Cummins & Barnard helps fund an assistantship in the Physical Plant. The requirements of this position are: an engineering student in good academic standing, interest in the power industry, expected to work 15-20 hours per week, with at least one year commitment of employment with the Physical Plant. Pay is commensurate with experience and student employment standards. If you are interested, please provide a short statement about why you would like to gain experience in the power industry. Contact: Robert Ellerhorst, Director of Utilities and Waste Management, phone 355-3314 or email

College-wide awards often recognize leadership and service. On your enclosed one page resume, please list extracurricular activities, community service, co-op and other work experience, professional and honor societies, career interests, and other relevant information.

I certify that the statements above and attached are true to the best of my knowledge. I grant my permission to release my MSU record information to scholarship donors if requested. I understand that University policy permits the publication of awards and honors achievements unless restricted by the student through the Office of the Registrar. **If I receive an award, I agree to send an acknowledgement to the donor.**

In order to be considered for financial need based engineering scholarships, you must have filed the 2010-2011 FAFSA (Free Application for Federal Student Aid) or renewal FAFSA. The FAFSA must be received at the federal processor on or before February 26, 2010 and must have been released to MSU. I grant permission to release my financial aid information to the College of Engineering.
