Average # of job offers - 2

Job Opportunity Areas

Structural Engineering
Environmental Engineering
Geotechnical Engineering
Transportation Engineering
Construction Engineering

Looking for a co-op / intern position?

Average Pay - \$13.27/hr

FAQ's

How is a co-op different from an internship? A co-op is an alternating/rotational program that is traditionally both paid and worth credit. An internship typically occurs all at one time. It is possible for a student to earn credit for an internship, but those details must be worked out with the university. Employers generally interchange these two terms.

When should I start? It is recommended that students begin experiential work after their freshman year and before their junior year of college.

Does the Center help students get jobs? Of course! The Center offers a wide variety of support for students during the job search process. Check out My Spartan Career, weekly seminars held by employers, career fairs, and workshops.
