NEW Web Resource for Learning About Different Career Fields

Exploring your interests and the world of work? **Keep in mind that for many fields your major isn't the most important qualification.** An interest/passion in the field, well-rounded experience (student orgs, part-time jobs, internships/co-ops, volunteer work) and a successful academic record often matter more than what you studied.

Check out 24 different interest fields that our highlighted on the Career Services Network website with information on related majors at MSU, a sampling of employers who recruit students for internships and full-time employment within the field, related professional and student organizations, and recommended job/internship search engines.

Visit [http://careernetwork.msu.edu](http://careernetwork.msu.edu), click on the Students Tab, Majors & Options, and Interest Fields.

**Spartan LINKS presents:  Career Exploration Series Continues**

Ever wondered what it’s really like to work in a particular field? Are you looking for ways to meet MSU alumni who have created rewarding careers in your areas of interest?

Here's your chance to connect with alumni who are out there working and want to share their experiences, insight and advice with you!
