The Undergraduate Awards and Financial Aid Committee meets every Spring Semester to allocate scholarship awards for the following year in accordance with the language of various donor agreements.

During the academic year 2010-2011, the following awards were distributed based on Spring 2009 meetings:

Allocated by the College Committee: $545,125 to 313 students

Allocated by the Diversity Programs Office: $54,691 to 69 students

Allocated by the Engineering Study Abroad: $8,200 to 10 students

The Committee continues to modify the application materials so the allocation process can be as smooth and efficient as possible.
