- Logistics Engineer
- Industrial Market Analyst
- District Sales Engineer
- Materials Control Engineer
- Project Manager
- Technical Sales Engineer

---

**Looking for a co-op / intern position?**

- Average Pay - $14.60/hr

**FAQ's**

**How is a co-op different from an internship?** A co-op is an alternating/rotational program that is traditionally both paid and worth credit. An internship typically occurs all at one time. It is possible for a student to earn credit for an internship, but those details must be worked out with the university. Employers generally interchange these two terms.

**When should I start?** It is recommended that students begin experiential work after their freshman year and before their junior year of college.

**Does the Center help students get jobs?** Of course! The Center offers a wide variety of support for students during the job search process. Check out My Spartan Career, weekly seminars held by employers, career fairs, and workshops.
