**Recent Job Titles of Graduates**
- Design Engineer
- Project Engineer
- Marketing Engineer
- Test Engineer
- Chip Architect

**Looking for a co-op / intern position?**

- Average Pay - $15.25/hr

**FAQ’s**

*How is a co-op different from an internship?* A co-op is an alternating/rotational program that is traditionally both paid and worth credit. An internship typically occurs all at one time. It is possible for a student to earn credit for an internship, but those details must be worked out with the university. Employers generally interchange these two terms.

*When should I start?* It is recommended that students begin experiential work after their freshman year and before their junior year of college.

*Does the Center help students get jobs?* Of course! The Center offers a wide variety of support for students during the job search process. Check out My Spartan Career, weekly seminars held by employers, career fairs, and workshops.
