Mary Anne Walker, director of global engineering, has been awarded a DAAD research exchange.

She will visit key partner institutions in Germany from June 18-24 as a guest of the German Academic Exchange Service.

Walker will tour Bonn, Cologne, Bochum, and Hamburg in a special information program on “Promoting Research and Cooperation in the University Scene: Germany’s Excellence Strategy and Cluster Policy.”

She is one of 23 educators from the U.S. and Canada selected for Germany Today 2017.
