Minutes of the Engineering Undergraduate Studies Committee (EUSC)  
October 15, 2013

Present, EUSC: Owen (CSE), Liao (BAE), Wolff (DE), Masten (ENE), Lapaix (Student), Al Dhaneem (Student), Sticklen (AES), Rothwell (ECE), Lee, A. (CHE), Brereton (ME), Buch for Lyles (CEE)

Absent, EUSC: Mahapatra (ECE, UCC), Lyles (CEE)

Also present: Idema (DE), Pease (DE)

1. Agenda: Approved

2. Minutes of September 24, 2013 were approved

3. Packaging Engineering: Discussion continued and the committee passed the following resolution.
   “The EUSC is supportive in concept of the proposal and would like to see a final program proposal that addresses the following considerations prior to voting approval.

   1. Drop ME 391 as deleting this course is under consideration.
   2. Drop STT 200 and 201 and add STT 315 to the STT list.
   3. Provide a more focused approach to "select from a list" courses, and increase the number of credits here, reducing the number of free electives accordingly.”

4. 2009 Teaching Effectiveness Task Report: Discussion continued and a committee was formed to re-write the Enbody draft and present at the next meeting. Committee members are Sticklen, Lee, Lapaix and Al Dhaneem. Lapaix and Al Dhaneem expressed concern that this issue may become lost among other agenda items and not move forward to higher levels.

5. Other business: T. Hinds and SP Walton will present a 15 minute overview of EGR 100 at the next meeting on November 5, 2013.

We are working with DECS to get the EUSC minutes on the Engineering website.

Meeting adjourned at 9:00 am

Respectfully submitted,

Thomas F. Wolff
Secretary
