May 10, 2013

From: Parviz Soroushian (College of Engineering Representative to University Committee on Liberal Learning)

Subject: Report of Activities – University Committee on Liberal Learning

During the 2012-2013 academic year, the University Committee on Liberal Learning (UCLL) had the following accomplishments.

1. Recommendations were developed for assessment of liberal learning outcomes. These recommendations cover the following items: (i) new program and program change requests; (ii) academic program review; and (iii) pilot program.

2. Items related to liberal learning were refined in the context of Michigan State University undergraduate learning goals.

3. Efforts were made to promote a multi-faceted approach for preparing future faculty for assessment of student learning.
