Globalization: 
Know These Cold (KTC)

1. Define ‘globalization’.

2. What are the ‘E’ systems that support and constrain globalization? What is the primary role of each?

3. Give an example of a significant current issue that involves at least two of the E systems.

4. State and explain the ‘IMPACT’ equation. What is the current global population? How many in China?

5. Who are the major stakeholders in globalization?
