Industry Corporate Tour – Monday, January 21, 2019
The BE Club and the BAE Department are happy to announce industrial site visits to Cargill Kitchen Solutions, Lake Odessa, MI, and Meijer Distribution Center, Lansing, MI. The Cargill Lake Odessa facility produces egg solutions for McDonalds as one product. The Meijer facility produces the kitchen ready fresh produce solutions such as ready to eat fresh pineapple, vegetable and fruit trays, and chopped vegetables. The tour will depart East Lansing, Monday, January 21, at 8:00 am returning around 3:00 pm.

The tentative schedule is:
8:00 am - Depart East Lansing
9:30-10:00 am - Introduction to Cargill
10:00-11:00 am - Plant Tour
11:00-11:30 am Lunch and Q&A
12:30 pm - Meijer Distribution Center
2:30 pm - Return to East Lansing
3:00 pm - Arrive back in East Lansing

This is Martin Luther King Day so you will not miss any classes. Site visits are excellent ways for students to learn about careers and network with industry representatives plus they are just fun! We have had multiple BE placements with both companies.

Learn more about Cargill and Meijer at:
https://www.cargill.com/
https://jobs.meijer.com/distribution-manufacturing

Seats are limited (18 maximum). We will send a confirmation email for those confirmed and regrets to reservations beyond our limit. Only RSVP if you are 99% sure that you will go. The BAE department is providing transportation. Please block this time on your calendar now. No-shows will need to pay the BE Club a $10 no-show fee.

Please direct questions to Dr. Reese reesel@msu.edu.

RSVP: https://goo.gl/forms/PyVpHomVjJ2PLXFD3

MSUFCU Career Fair Prep Mixer event at Union on Jan 23
The MSU Federal Credit Union is partnering with the Career Services Network spring semester to offer a new variation of their popular professional prep series dinners!

MSUFCU Career Fair Prep Mixer
January 23
5:30 – 7:30 pm
MSU Union, Lake Huron Room 3rd floor
Networking practice, resume tips, professional attire advice and learning to love LinkedIn - all designed to prepare you for career fairs and employer events. A hearty buffet of tasty treats, move-around activities and door prize drawings will help make this a workshop to remember! There’s only room for about 100 students, so rsvp your space today!
Registration required (includes a $10 fee to contribute to cost of dinner):
https://msufcucareerfairprep.eventbrite.com
Please share this unique workshop with students, as appropriate. Thanks!
BAE Resume Book – Update before Diversity Career Fair
The Diversity Career Fair is January 29, 2019. I will be updating the BAE Resume Book prior to the career fair. If you would like your resume in the book or need to update the version currently in the book, please email an updated resume in MS Word format to reesel@msu.edu as an attachment ASAP. You can request a copy of the resume book at:

Resume length is restricted to 1 page with margins no less than ½ inch.

As an added incentive, let me share with you a testimonial I received from one of your peer students.

“I just wanted to thank you for looking over my resume and for putting it in the resume book this semester! I have been asked to apply for one company who saw it in the book, and was called for an interview from a company who received a copy of my resume during Pre-Gallery.”

BE Club – First Meeting of Spring Semester – January 15
What: BE Club will be kicking off the spring semester with a card game night! We anticipate a Euchre challenge, Pit, Wizard, Five Crowns, etc. Bring your favorite card game to share! Free food will be there also! Hope to see everyone there!
When: Tuesday, January 15, 6:30 pm – 7:30 pm
Where: Room 119 Farrall Hall

BE Club – Pfizer Presentation – January 22
What: Pfizer representatives will talk about career opportunities. Before attending learn more about Pfizer, one of the world's premier biopharmaceutical companies at https://www.pfizer.com/. This will be a great program for biomedical engineering concentration BE students. Free food too! See you there!
When: Tuesday, January 22, 6:30 pm – 7:30 pm
Where: Room 119 Farrall Hall

BE Club – Hands-on Handshake and LinkedIn Workshop – February 12
What: Learn best practice in this hands-on workshop led by Kyle Liechty from the Center for Spartan Engineering. Leave with a LinkedIn profile you can be proud of and be confident in your Handshake profile.
When: Tuesday, February 12, 6:30 pm – 8:00 pm
Where: Room 119 & 106 Farrall Hall

Navigating the Job Search Process
AgCareers.com and Agriculture Future of America (AFA) are pleased to announce the release of a new video series dedicated to college students: Navigating the Job Search Process.

This series, consisting of seven "chapter" videos, features human resource and hiring professionals from prominent agricultural organizations throughout the United States giving advice to students regarding various topics prevalent in the job search. These topics include creating a LinkedIn profile, networking, making a good first impression, forming connections, writing resumes and cover letters, and interviewing.
Inspired by a group of your peers in career services, the video series has been created as a means for post-secondary students to receive firsthand advice from agribusiness professionals who may not be able to make an in-person appearance on their campus. Agriculture, life sciences, and natural resources career services professionals are invited to also utilize the video series in campus classrooms to help students understand what employers are looking for as they navigate the job search process.

Please feel free to share and use widely! You can access the video series via YouTube at https://www.youtube.com/playlist?list=PLw5jL75nSuf_Rzz21nAMA8yFXDoh0s8y2.

Education Abroad Info Meetings January 14 & 23
The BAE Department is sponsoring (2) summer 2019 faculty-led programs. We are still recruiting. Sustainable Food, Environment, and Social Systems Australia is a 7-credit program that offers credits in ISS 310. Ecological Engineering in the Tropics Costa Rica is a 4-credit program that usually ran over winter break but is being moved to a summer program to avoid being out-of-country on Christmas day. This is a great program for BE students and we need more participants. To learn more attend one of the following info sessions:

Info Session - Sustainable Food, Environment, and Social Systems Australia Summer 2019
• January 14, 6:00-6:45 pm, 208 Farrall Hall or Zoom - msu.zoom.us/j/5173533258  
• January 23, 6:45-7:30 pm, 208 Farrall Hall or Zoom - msu.zoom.us/j/5173533258

Info Session - Ecological Engineering in the Tropics Costa Rica Summer 2019
• January 14, 6:45-7:30 pm, 208 Farrall Hall or Zoom - msu.zoom.us/j/5173533258  
• January 23, 6:00-6:45 pm, 208 Farrall Hall or Zoom - msu.zoom.us/j/5173533258

Career Fairs

2019 Diversity Career Fair Wednesday, January 29, 2:30-6 pm, Breslin  
MSU’s largest spring semester event. Something for all students, all majors, all colleges. This event attracts well-known employers representing a variety of industries and full time, internship, and co-op opportunities for students.  
https://app.joinhandshake.com/career_fairs/7770

Recent Handshake Opportunities

MSU Extension Internships
Michigan State University Extension is recruiting for (17) paid summer 2019 internship opportunities for high achieving undergraduates. The intent of this program is to expose students to Extension career opportunities, to develop student’s career-based portfolio skills and to support the work of Extension Educators and Specialists. Selected individuals will have the opportunity to work with multiple
Extension Educators and Specialists in multiple topic areas during the summer experience. See the attached “MSUESummer2019InternshipDescriptions.pdf” for intern titles and locations. Apply on Handshake.

Local Internships & Student Jobs in Handshake (272)
Attached “Local Internships & jobs 1-9-19.xlsx” is a list of 132 current internship opportunities (plus 140-part time jobs) that are either on MSU’s campus (or with an MSU department away from campus) or in the Lansing area. All 272 internships and part time jobs are posted in your Handshake account at the CareerNetwork.msu.edu website.

It pays to apply for jobs as soon as possible as employers sometimes close postings quickly. You can learn more about AND apply for jobs through the free online Handshake service.

Once at Handshake, you will need to fill out your profile and upload your resume. With your profile and resume in place, you will be able to search for job openings and submit applications by clicking on the "Apply" button in the job description or following the employer’s instructions.

Here’s how to quickly locate a specific job posting in Handshake:
Log in to your student account in Handshake at msu.joinHandshake.com
Copy and paste a Job ID number from the attached spreadsheet into the search box
Click search, click on the job title, read the details and apply if appropriate

Good luck with your student job or internship search!

MSU Career Services Network

Opportunities not on Handshake

Student Employment Opportunity - MSU Enviroweather - needs 2 student employees!
MSU Enviroweather Program has two (2) employment opportunities available this year. Individuals’ duties are to assist in maintaining electronic systems to monitor the weather located in locations around Michigan.

MSU Enviroweather Program is a “web-based” network of remote weather stations located in Michigan and Wisconsin. They provide weather data for farmers and farm managers to optimize their effort and plan their activities. www.enviroweather.msu.edu

Position Description:
The positions are offered through MSU. Students will receive training as needed but are expected to work independently. Daily travel throughout the state to perform specific duties include: Replacing batteries; setting up weather stations; installing sensors; trouble shooting electronic systems; site ground maintenance. Knowledge and ability of hand tool and DMM use required. Employment is from Mar-May, 29 hr/wk – May-Aug 40 hr/wk. Pay based upon skill level and knowledge. Chosen applicants are expected to live in the Lansing area during the period of the internship but are “home” at the end of most work-days. A university vehicle is provided for work use.
Send Resume to:
Steve Marquie Operations Director MSU Enviroweather Program
wb9tow@egr.msu.edu
Requirements:
• Applicants must have a MI Driver’s License with NO points or DUI (no exceptions)
• Live in the Lansing area during the employment period
• Ability to read a map/GPS
• Have cell phone
2019 Great Lakes Summer Fellows Program - apply by February 22

The Cooperative Institute for Great Lakes Research (CIGLR) announces the 2019 Great Lakes Summer Fellows Program, in partnership with the National Oceanic and Atmospheric Administration (NOAA) Great Lakes Environmental Research Lab (GLERL). The Great Lakes Summer Fellows Program exposes students to a broad range of disciplines and provides an exciting opportunity for students to conduct research in the Great Lakes region under the mentorship of a CIGLR or GLERL scientist.

Description:

• We are offering nine (9) full-time, twelve-week positions. Eight positions are located at the NOAA Great Lakes Environmental Research Laboratory (GLERL), 4840 South State Road, Ann Arbor, MI 48108. One position is located at the Grand Valley State University Annis Water Resources Institute (AWRI), 740 W. Shoreline Drive, Muskegon, MI 49441.
• Positions will last for twelve weeks from the start date. The start date will be in early May, but this can be flexible (i.e., early June start) based on the selected candidate’s schedule or project needs.
• We seek to use these fellowships to increase diversity in STEM disciplines (science, technology, engineering and math) and strongly encourage applications from students who identify with groups that have been traditionally underrepresented in government and academic workforces.
• There is a stipend of $6,500 for the twelve-week period, paid in two installments of $3,250.

Visit ciglr.seas.umich.edu/opportunities/student-fellowships/ to complete an online application, including cover letter, résumé, and transcript upload.

Deadline: 22 February 2019 at 11:59 PM EST

See attached for more details “2019 Summer Fellows flyer-long version.pdf”

“OneUSDA Internship” opportunity for Summer 2019
USDA Family-

Today, I am proud to announce that we are accepting applicants to our “OneUSDA Internship” opportunity for Summer 2019. Today’s students are the future of America and there are few things more American than agriculture. We’re aiming to find fresh talent, with diverse backgrounds, across all 50 states, to begin their careers as an intern with USDA.

As part of the Federal Pathways Program, the OneUSDA Internship will provide students a way to explore serving their country through a career in government while gaining work experience in agriculture, natural resources, rural development, and other career fields.

If you know of anyone who may be interested in serving their country and working here at USDA, please pass this email along to them. We would love to hear from them and have them serve at USDA.

The OneUSDA Internship Program provides students with experience in a dynamic work environment that will enhance their educational goals and shape their career choices. At USDA, we are committed to teaching and shepherding the next generation of strong leaders.

USDA will start reviewing applications on December 9, and the application window will close on January 18, 2019. Help us spread the word!
In the Summer of 2019, USDA will hire Pathways Interns in hundreds of locations across every state for the following occupational fields:

- Veterinary Science
- Biological Sciences (e.g., natural resources management forestry, wildlife biology, fish biology, ecology, botany, rangeland management, recreation)
- Engineering
- Agribusiness, Contracting, Procurement, and Industry
- General Administration and Office Support

After choosing the geographic region of preference and the career path that best matches with students’ area of study and professional aspirations at https://www.usda.gov/Internships, students simply follow the weblinks to https://www.usajobs.gov/ to set up an account, then follow the prompts to apply to the internship.

For more information, visit www.USDA.gov/Internships.

**Natural Resources Professional - GIS - Consumers Energy**

Consumers Energy is looking for a natural resources professional who is proficient in GIS. Can you send this link to your placement professional within BAE or Engineering? We are trying to solicit a high-quality person to fill this role. Any help with distribution of the posting is much appreciated.

Thank you.

Pete

Peter Wyckoff
Sr. Engineer II
Environmental Services

**Marriott Walker Corporation - CAD Designer - Birmingham, MI**

Good Morning Dr. Reese,

We did not know if there were any recent graduates or almost graduates you knew of looking for employment. Carly Daiek suggesting reaching out to you. Attached is a copy of the potential job description, we do not need anyone with that much CAD experience right now.

Regards,

Diane Núñez
Accounting Administrator

**MARriott walker corporation**

WK Kellogg Biological Station URA, Internship programs and field courses

We are pleased to announce that we are now accepting applications for the 2019 Undergraduate Research Apprenticeship and Internship programs and summer field courses at MSU's W. K. Kellogg Biological Station. Applications for the KBS URA And Internship programs will close on March 1. For more information, see the attached flyer or visit us online at:

http://www.kbs.msu.edu/education/undergraduate-program/

Please share with any interested students and colleagues. See attached for more information.

Best,
Sara Garnett
Academic Programs Fellow
Kellogg Biological Station

Scholarships

Biosystems and Agricultural Engineering Undergraduate Scholarships – Applications due January 25, 2019
The BAE Department annually awards about $50,000 of scholarships in multiple categories (undergraduate and graduate). All undergraduate BE students should have a “BAE Undergraduate Scholarships” community listed on D2L. The application form can be found there or attached. Please complete the application and upload it along with your current resume to the assignment dropbox found in the same D2L community by January 26, 2018. Questions should be directed to Dr. Reinhold reinho17@msu.edu or Dr. Reese reesel@msu.edu. There are no guarantees that you will be awarded a scholarship, but if you are successful -- $1,000+ for 1-2 hours of effort is a beneficial use of time. Good luck and please get those applications and resumes submitted.

Biosystems and Agricultural Engineering Graduate Scholarships – Applications due February 1, 2019
The BAE Department annually awards over $50,000 of scholarships in multiple categories (graduate and undergraduate). All BE graduate students should have a “MSU Biosystems and Ag. Engineering Graduate Scholarships” community listed on D2L. The application process can be found there. Please complete and submit to the assignment dropbox found in the same D2L community by February 1, 2019. Questions should be directed to Dr. Nejadhashemi pouyan@msu.edu.

Jimmy L. Butt Memorial Scholarship 2019 Application & Instructions presented by Michigan Section of ASABE Due January 31, 2019
The Jimmy Butt Memorial Scholarship consists of up to two $500 scholarships to be awarded each year. One for a Freshman/Sophomore student and one for a Junior/Senior student registered as an Agricultural Engineering or Biological Systems Engineering student at a University or College.

Eligibility and Requirements for the 2019 scholarship competition are as follows:
- Must be a Pre-Professional MI section member of ASABE at the time of application
- Must have at least one more semester of classes to complete after the award of the scholarship (Min. 12 credit hours)
Essay must be 500 words or less in Microsoft Word document with Arial 12 pt. font. The essay would be written on one of the subjects below:

- What are the benefits of membership in ASABE?
- Why and how do you plan to stay active in a Professional Organization of your choice?
- What roles make ASABE such a popular international professional organization? How does your University or College also contribute to these roles?
- If you were to volunteer to be on one of the ASABE standards committees, which one would you choose, why would you choose it, and how does that particular standard contribute to the society?

Application and Essay must be submitted by January 31, 2019
Submit to ASABE Michigan Section Scholarship Committee
Via email: Todd Forbush at tforbush@techmark-inc.com
Judging will be completed during the month of February 2019.
Scholarship will be awarded at the 2019 Spring Michigan Section Meeting.

College of Engineering - Undergraduate Scholarships - Applications due February 28, 2019
https://www.egr.msu.edu/undergraduate/resources/scholarships

Scholarship Guidelines
The following guidelines govern the scholarship selection process:

1. Academic excellence is the primary criterion, but financial need is considered for some awards. Other awards are based on extracurricular activities, community service, co-op and other work experience, membership in professional and honor societies, career interests, and other relevant information. The one-page resume that you attach to your application should reflect these accomplishments.
2. Applicants must be full-time students, taking a minimum of 12 credits during the semester(s) in which the scholarship will be awarded.
3. A minimum cumulative grade-point average of 3.00 based on credits at MSU (including Fall Semester) is required.
4. New students must have completed a minimum of 12 credits at MSU at the end of Fall Semester.
5. Scholarships will not be awarded for internship or co-op semesters.

The MSU College of Engineering offers more than 300 scholarships to undergraduate students each year totaling approximately $600,000; the individual annual scholarship amounts range from $100 to $13,000.

Incoming first-year students and current engineering students have separate selection processes.

The following faculty members represent their departments on the Undergraduate Awards and Financial Aid Committee. This committee meets at the end of the spring semester to determine scholarship awards and allocate funds for the upcoming academic year. Students will be notified of the outcome of the status of their applications by July.

Dr. Daina Briedis - Chairperson
Dr. Laura Genik - Applied Engineering Sciences
Dr. Dawn Reinhold - Biosystems & Agricultural Engineering
Dr. Pat Walton - Chemical Engineering & Materials Science
Dr. Mehrnaz Ghamami - Civil & Environmental Engineering
Dr. Richard Enbody - Computer Science & Engineering
Dr. Virginia Ayers - Electrical & Computer Engineering
Dr. Geoff Recktenwald - Mechanical Engineering
ASABE and ASABE Foundation Scholarship applications due March 15, 2019

ASABE Foundation Engineering Scholarship - $1,500 given annually

William J. Adams, Jr. and Marijane E. Adams Scholarship - $1,500 given annually

MSUFCU Intern Award Application Period Now Open

Internship Opportunity Award Overview
Through the generosity of the Michigan State University Federal Credit Union (MSUFCU) and individual donors, the MSU Career Services Network is able to grant stipend awards for undergraduate students participating in unpaid internships located in the United States during the Spring 2019 semester. The MSUFCU Internship Opportunity Award program was established to encourage students who have demonstrated the capacity to accomplish educational and professional goals, the motivation to achieve these goals and the initiative to seek experiential learning opportunities to further progress toward their career.

Recipients will be selected based on the following criteria:

- Undergraduate MSU student in good standing;
- Preference will be given to students graduating in Fall 2019 or later;
- Accepted to or actively pursuing a high quality, unpaid, career-related internship focusing on the following areas: non-profit organizations, government, media, the arts, public relations and advertising;
- Demonstrated financial need (as determined by student essay and the MSU Office of Financial Aid);
- Open to U.S. based internships ONLY, preference will be given to applicants interning at non-profits located in the Lansing area, non-profits in Michigan and Michigan start-up businesses in operation less than two years;
- Program is not open to students interning with an MSU department, who are interning internationally, who are past Award recipients, or graduate level students.
- Late applications will not be accepted.

Internship Awards – Spring 2019 - Apply by 11:59 pm, January 16, 2019
Awards of up to $1000 each are available. The number of awards will be given based on available program funds and demonstrated student interest and need.

Recipients will be required to express acceptance and appreciation in writing within three (3) weeks of notification of the award, participate in a pre-internship Career Services workshop and post-internship donor event, and help with other program-related activities (details shared after award notifications.)

Application Checklist
To be considered for this award, all applicants need to submit an MSUFCU Internship Award Application via Desire 2 Learn, a 500-word personal essay (prompt included below) and a current resume via their Desire 2 Learn account through the MSUFCU Intern Award Course.

Write a statement of up to 500 words that addresses the following information:

- Your academic and career goals
- How this internship fits into your strategy for achieving those goals (If you have not yet secured an internship, describe your “first choice” internship you are pursuing.)
- What you will be doing and learning in this internship
- Your passion for the internship

Any financial considerations that are affecting your ability to pursue this internship
Research

Undergraduate Summer Research Program in Digital Agriculture - Purdue University
A 12-Week Experiential Research Program At Purdue University
Looking to pursue a career in the rapidly growing field of digital agriculture and data science? This student-centered, active-learning environment allows undergraduates to put data into action and communicate processes and results effectively. The program will run from mid-May through mid-August.
Benefits:

• Strong faculty mentoring in small groups across many disciplines
• $5,250 stipend for travel and living costs
• Optional academic course credit (If chosen, tuition is required.)
• Access to state-of-the-art research facilities
• Interaction with industry stakeholders
• Resume builder
