New Destination and Summer Experience Survey - https://msu.12twenty.com

For those graduating this semester, you should have gotten an invitation to complete a destination survey regarding entry-level employment / graduate school. This data is crucial for all academic programs and quality improvements. For those in senior design, we will be encouraging completion of this survey during your exit interview. ALL undergraduate students having a summer internship/co-op/job/research/other experience are encouraged to complete the same survey. The same URL works for all scenarios.

https://msu.12twenty.com

Please provide your placement opportunities before you leave for the semester, and BAE thanks you! Good job!

Career Services: Virtual Summer Workshop Series: Session I

The Career Services Network will be hosting a summer Career Education Virtual Workshop Series for students and recent graduates. Please see attached flyer for details regarding scheduled topics for Summer Session I. Students can visit Handshake (msu.joinhandshake.com) to register and receive a ZOOM link for each workshop. See attached <CSN Summer Workshops, Session I 2021.pdf> for sessions and dates.

Qnergy
From Dr. Liao. Please contact him before applying.
Luke:

Here is a job opportunity. Could you pass it to our senior students? Ask those who are interested in contact me before contacting the company. It is one of our collaborators. They want to recruit our students.

Thanks

Wei

Subject: Qnergy employing Graduate Students for their Biogas solution

Wei Liao,

We have an engineering development position opening soon at Qnergy to continue developing our ‘PowerGen BIO’ product line of power generators. I was wondering if you had any interested graduating students at MSU that you could recommend?

I have attached a ‘job description’ for you to review. If any of your students are interested please have them contact our HR Coordinator, in CC (Cheryl Sprinkel).

Thank you Wei.
Isaac.

Kelly Services for analytical positions based in Indianapolis
From Lisa Buchholz on the BAE Industry Advisory Board
Hi Luke,
I know that this is a busy week for you but wanted to pass the job posting below to you. Please share with any upcoming graduates who have not yet secured positions. At this time, we do not have open full-time positions, but we are hiring contractors through Kelly Services for analytical positions based in Indianapolis. We frequently convert contractor positions to full time over time. Please let me know if you think anyone would be interested. I am happy to speak with potential candidates directly <lisa.buchholz@corteva.com>.

Thanks!
Lisa

NRCS Engineering positions (Flint, Grand Haven, Marquette & 18 in other states)
From: Paula Steiner <paula.steiner@gmail.com>
Sent: Monday, May 17, 2021 10:16 AM
To: Reese, Luke <reesel@msu.edu>; Marks, Bradley <marksbp@msu.edu>
Subject: NRCS Engineering positions available

Good Morning,

I wanted to pass along this opportunity that was just posted. It has been rare for NRCS to hire engineers in Michigan. This is for entry level engineering positions. There are six positions listed in Michigan and many others across the nation. Please pass this along to anyone that you think would be interested.

USAJOBS - Job Announcement

Please note that the positions are posted as direct hire. The applications are reviewed as they come in and the position can be filled prior to the closing date of the announcement.

Thanks,
Paula

Environmental Engineer 9-P11 - District Engineer (7601-21-MMD-026) Bay City, MI

The Michigan Department of Environment, Great Lakes, and Energy (EGLE) is currently recruiting for an Environmental Engineer 9-P11 - District Engineer within the Materials Management Division (MMD). This position is located 401 Ketchum Street, Suite B, Bay City, MI. This position is open to all and interested applicants must apply through NEOGOV.

If you are interested in obtaining more information or applying for the position, click on the link below.
Internship/Part time

Science Gallery Mediators: Opportunity for Undergrads and Graduate Students
Science Gallery Detroit will be coming to the MSU Campus in fall 2021, with its new exhibition probing the myriad ways surveillance impacts society. Looking at these issues through the intersections of science, technology, design, and the arts, TRACKED AND TRACED will be hosted at the MSU Museum, with pop-up locations elsewhere on campus.

The Science Gallery experience engages young adults from 15-25 years of age in exploring questions that are future focused and cross disciplinary boundaries. At the heart of the exhibition experience is a cohort of mediators. Mediators are a team of young adults (typically 18-25 year olds) who engage Science Gallery visitors in conversations and are passionate about discussing science, art, technology, and design. In addition to their role in the gallery, mediators play a vital role in producing digital content such as podcasts, blog posts, and social media takeovers. It is an excellent opportunity for those who are looking to learn more about digital engagement and develop their facilitation and communication skills.

This is a temporary, part-time position, and the time of employment is August 2021 until January 2022. Mediators are paid $15 per hour, and the deadline for applications is May 23, 2021 at 11:59 PM. The posting is listed on Handshake, and students must submit the Google form linked within the posting to complete their application. Any questions about mediators can be directed to Caroline White (whitec48@msu.edu).

Handshake Posting #4784419: https://app.joinhandshake.com/jobs/4784419

Please pass along this opportunity to those who may be interested and share with any lists where students might see the posting.

Disney College Program & Disney Professional Internships

We are excited to announce that Disney College Program applications open today!

APPLY NOW

This summer, alongside 2020 participants who were given the opportunity to apply early, we are thrilled to welcome new participants to a Disney College Program at Walt Disney World® Resort in Florida.

Over the past year, the Disney Programs experience was reimagined, and participants can create, experience, and study the magic like never before. They will be one step closer to the magic with an accelerated application process, be among the first to stay in our brand-new Flamingo Crossings Village housing community, study the magic in innovative educational facilities, enjoy uniquely Disney experiences just for program participants, and so much more.

Students currently enrolled in a college or university in the U.S., or those who have graduated in the past 24 months, are eligible to apply. Priority will be given to those able to arrive in June or July, although applicants may indicate they are available for arrival in August or September.

Do not wait – this application will only be open for a limited time! Click here to apply!

Local or Remote Work Internships & Student Jobs in Handshake (983)

Attached “Local Remote Internships Jobs 5-19-21.xlsx” is a list of 763 current internship opportunities (plus 220 part-time jobs) that are either on MSU’s campus, in the Lansing area, or offering remote work. All 963 internships and part time jobs are posted in your Handshake account at the CareerNetwork.msu.edu website.

It pays to apply for jobs as soon as possible as employers sometimes close postings quickly. You can learn more about AND apply for jobs through the free online Handshake service.

Given the current situation with health concerns and social distancing, please understand that many of the local Lansing area jobs posted in Handshake may have modified hiring processes or start dates. Students apply where appropriate, while also appreciating that employers continue to face uncertainty about student employment and internship opportunities.

Once at Handshake, you will need to fill out your profile and upload your resume. With your profile and resume in place, you will be able to search for job openings and submit applications by clicking on the "Apply" button in the job description or following the employer’s instructions.

Here is how to quickly find a specific job posting in Handshake:
1) Log in to your student account in Handshake at msu.joinHandshake.com
2) Copy and paste a Job ID number from the attached spreadsheet into the search box
3) Click search, click on the job title, read the details, and apply if appropriate

Important: The MSU Career Services Network is still open for business! Visit our Virtual Career Center to learn about virtual career advising, virtual career events, the Handshake job posting system, and resources to help students explore career interests, find internships and jobs, and become career ready.
