Timely opportunities

What are you doing this summer? Please complete the destination survey!!!

Destination Survey - head over to https://msu.12twenty.com and report your plans! This year is focusing on all students, freshman through graduate student - intern, co-op, summer, fulltime, studying, backpacking, still looking, graduate school, …we want it all! The data from this survey is critically important from graduates as it helps us create reports on salary, destination data and ABET reports.

Nestle Diversity Leadership Symposium - Applications due 7/29

2022 Diversity Leadership Symposium: Engineering Internship

As the world leader in nutrition, health and wellness for children from birth to preschool, Gerber Products Company is committed to creating a strong future. We joined the Nestlé Nutrition family in 2007 and have been a partner in parenthood ever since. Our Anything for Baby team works closely with experts to create products that enrich and establish healthy habits for children and are good for the planet as well. A career at Gerber provides meaningful opportunities to develop professionally, and nurture generations to come. Now is the time to define your future, and ours too.

This position is not eligible for Visa Sponsorship.

Event & Job Description

Are you a current undergraduate student who is passionate about diversity, equity and inclusion? Are you looking for a full-time Engineering Internship role? If you have an appetite for an exciting career, apply now for Nestlé’s 2022 Virtual Diversity Leadership Symposium (DLS)! It is a three-day, professional development and hiring event, taking place from August 9-11, 2022, for college students of diverse backgrounds! If selected to participate in the symposium, you will learn about Nestle’s wining culture, network with peers & current Nestle employees, and interview for our 2023 Engineering Internship!

What to expect from the 2022 Diversity Leadership Symposium:

• Gain valuable exposure to life and careers at Nestlé and discover how a diverse and inclusive environment fuels career growth
• Network with business leaders and develop relationships with peers from universities across the nation while participating in hands-on culinary experiences
• Interview for our 2023 Engineering Internship, with a chance to return to school with a full-time job offer in hand

Primary Responsibilities
Responsibilities include, but not limited to:
• Support R&D equipment & process qualification and validations through qualification protocol creation and execution.
• Assist product development, engineering and operations team with R&D Pilot Plant trial planning and execution.
• Collect and analyze Pilot Plant trial data and make appropriate observations/recommendations to project team.
• Support new processing equipment design and development.
• Support qualification and industrialization of new commercial processing lines at a factory.

Requirements:

• Currently enrolled in university program related to engineering
• Six to eight months duration preferred – start date flexible, ideally Jan/Feb 2023 or May/June 2023

The Nestlé Diversity Leadership Symposium is ideal for students from diverse and minority backgrounds but is open to all candidates, regardless of ethnicity, who can demonstrate that they would make a positive contribution to diversity at Nestlé.

It is our business imperative to remain a very inclusive workplace.

To our veterans and separated service members, you are at the forefront of our minds as we recruit top talent to join Nestlé. The skills you have gained while serving our country, such as flexibility, agility, and leadership, are much like the skills that will make you successful in this role. In addition, with our commitment to an inclusive work environment, we recognize the exceptional engagement and innovation displayed by individuals with disabilities. Nestlé seeks such skilled and qualified individuals to share our mission where you will join a cohort of others who have chosen to call Nestlé home.

The Nestlé Companies are an equal employment opportunity and affirmative action employer seeking diversity in qualified applicants for employment. All applicants will receive consideration for employment without regard to race, ethnicity, color, gender, gender identity, age, religion, national origin, ancestry, disability, perceived disability, medical condition, genetic information, veteran status, sexual orientation, or any other protected status, as defined by applicable law. Prior to the next step in the recruiting process, we welcome you to inform us confidentially if you may require any special accommodations in order to participate fully in our recruitment experience. Contact us at accommodations@nestle.com or please dial 711 and provide this number to the operator: 1-800-321-6467.

Early Career Water Resources Engineer Opportunity (Ann Arbor or Detroit, MI)

Hi Dr. Reese,

I am a BE alum (BS 2012, MS 2014), ecosystems concentration. I was wondering if you could share the below opportunity with BE students. Would really appreciate it!

722515 - Early - Career Water Resources Engineer

Thanks,

Emily

Emily Campbell, P.E., CFM, CPESC
(Licensed PE in CO, IL, MA, MI)
Project Engineer
Geosyntec Consultants, Inc.
2100 Commonwealth Blvd, Suite 100
Ann Arbor, MI 48105
Mobile: 586.744.9003

Production Engineer – Perrigo

As far a talent, I do have a position that just opened for a production engineer. We have had good success with past students, and I feel they are well suited to jump into Perrigo and excel. I have a couple of things in my plant I look for in an individual that I think helps them be successful. I know a lot already have plans after graduating but if there is anyone who you think of that might fit and be looking, please let me know or have them reach out. <Nathan.Wood@perrigo.com>

Keys:
Organized
Energetic
People oriented- developing relationships with operators, maintenance, etc. and taking their feedback on solutions
Ability to defend ideas but compromise to create wins for all areas
Ability to communicate to larger groups

Thanks,
Nate

EGLE Openings
From alumnus Doug Clements.

Here are a couple of recently posted positions with EGLE:

Air Quality Division
State of Michigan Job Openings | . (governmentjobs.com)

Drinking Water and Environmental Health
This position works directly with EPA contacts making for nice networking opportunities.
State of Michigan Job Openings | . (governmentjobs.com)

Water Resources Division (Wetlands Management)
Position works under one of the coolest supervisors.
State of Michigan Job Openings | . (governmentjobs.com)

One more bonus position just got posted. It is an engineering position in the Warren District Office related to industrial wastewater and surface water protection.

Graduate School

Food Processing Extrusion – University of Kentucky
Dear All:
I have an MSc graduate position open for fall 2022 in my lab. This is a USDA-NIFA-funded project on extrusion. If you have a good recent graduate from your lab or that you know, please, forward this information to them and ask them to contact me (akinbode.adedeji@uky.edu) with their cv and a copy of their transcript.
Thank you
Bode

Akinbode A. Adedeji Ph.D., MBA, CQE-ASQ
Carnegie Fellow & Associate Professor of Food Process Engineering,
Department of Biosystems and Agricultural Engineering
128 C.E. Barnhart Building
University of Kentucky
