Fall Career Fairs - msu.joinhandshake.com 11
Timely opportunities

3 Virtual Career Fairs this week!

MSU career exchanges and fairs are open to all MSU students and all MSU engineering majors. Engage with any company you are interested in - opportunities abound but you must engage to make your interest known - even first-year students. Just because the title says Agriculture or Civil & Environmental Engineering, this does not mean that the exchange is only for agriculture majors. This is only a way to cluster companies. These companies need engineers! Most need biosystems engineering expertise! To help you get started, I have highlighted a few companies below.

A quick reminder that the MSU Careers in Agriculture & the Green Industries is today 3-6 pm virtually. Sign up for group and 1-on-1 sessions through Handshake. 65 employers are attending. Employers you might want to consider are Bayer, Cargill, Corteva Agriscience, E. & J. Gallo Winery, USDA-NASS, Hormel Foods Corporation, JBS USA, MDARD, Peace Corps, Sunset Produce, Syngenta, and Walther Farms. We have had multiple BE placements with Cargill, Corteva, E. & J. Gallo Winery, Hormel Foods Corporation, and the Peace Corps. E. & J. Gallo presented at the BE Club meeting on Monday with 2 BE alumni as presenters.

The Civil and Environmental Engineering Virtual Exchange is today 3-6 pm virtually. Sign up for group and 1-on-1 sessions through Handshake. 43 employers are attending. Employers you might want to consider are Arcadis, Eaton County Road Commission, Fishbeck, Fleis & VandenBrink, Jones & Henry Engineers, Ltd., NTH Consultants, Ltd., Spicer Group, Inc., and Tetra Tech, Inc. We have had BE placements with these companies as interns or full-time.

The Chemical Engineering and Material Sciences Virtual Exchange is Thursday 3-6 pm virtually. Sign up for group and 1-on-1 sessions through Handshake. 34 employers are attending. Employers you might want to consider are Consumer’s Energy, Corteva, Dow, E. & J. Gallo Winery, Ferrara Candy Company, General Mills, Kellogg’s, Merck & Co., Inc., Nestle Nutrition R&D Center, Inc., PepsiCo, Perrigo, Pfizer, Inc., Proctor & Gamble (P&G), and Reckitt. We have had multiple BE placements with Consumer’s Energy, Corteva, E. & J. Gallo Winery, General Mills, Kellogg’s, Nestle Nutrition R&D Center, PepsiCo, Perrigo, Pfizer, Inc. and P&G.
Use WHO Logic during your interview!

Residential and Hospitality Services (RHS) Hiring Fair, Thursday, Sept. 30, at the Breslin Students Event Center, 11 am-6 pm

We want you to join our team! Check out the Residential and Hospitality Services (RHS) Hiring Fair, Thursday, Sept. 30, at the Breslin Students Event Center, 11 a.m.-6 p.m.

Working on campus is a great way to build relationships with your fellow Spartans, making our large campus feel like a small community. RHS has student positions in locations across campus, including residence halls, dining services, the Breslin Center, and more. View available positions at jobs.rhs.msu.edu. You can apply ahead of time, then join us at the hiring fair for an on-the-spot interview!

All applicants who are offered a position with RHS are required to have the appropriate documents to fill out a Federal Employment Eligibility Verification Form I-9 (Section 1) — for example, your Passport OR a combination of your driver's license and social security card. Nonexpired, original documents are required. No photocopies will be accepted. Visit go.msu.edu/i9documents to view all acceptable documents.

Joining our team means becoming part of something bigger: creating and delivering unequalled experiences for your fellow Spartans. We prioritize flexibility and cooperation when creating schedules that work around classes, and we value the unique perspectives, beliefs, and experiences of our student team members.

We hope to see you Sept. 30 at the Breslin Center! Free parking is available in Lot 63 (Southwest Harrison Gate) from 9 a.m.-6 p.m.

Go Green!

Vennie Gore
Senior Vice President for Residential and Hospitality Services and Auxiliary Enterprises
Interim Vice President for Student Affair

Internships/Part time

Local or Remote Internships & Student Jobs in Handshake (443)
Attached “Local Remote Internships Jobs 9-22-21.xlsx” are 154 internships or part-time jobs with MSU departments, along with 279 internships or part-time jobs with employers in the greater Lansing area. All 443 internships and part-time jobs are posted in your Handshake account at the CareerNetwork.msu.edu
website. Students can pull up an updated list any time in their Handshake account by searching for the keyword “MSU”.

Note that many part-time job postings are looking for 10+ student hires. It also pays to apply for jobs as soon as possible as employers sometimes close postings quickly. You can learn more about AND apply for jobs through the free online Handshake service.

Once at Handshake, you will need to fill out your profile and upload your resume. With your profile and resume in place, you will be able to search for job openings and submit applications by clicking on the "Apply" button in the job description or following the employer’s instructions.

Here is how to quickly find a specific job posting in Handshake:
1) Log in to your student account in Handshake at msu.joinHandshake.com
2) Copy and paste a Job ID number from the attached spreadsheet into the search box
3) Click search, click on the job title, read the details, and apply if appropriate

Good luck with your student job or internship search!

Regional Watershed Management Research and Outreach Internship Program

Hello -
We would like to share an exciting opportunity for undergraduate students in summer 2022. Undergraduate students from across the North Central Region can apply to participate in a Regional Watershed Management Research and Outreach Internship Program that will take place at universities across the upper Midwest.

While the internships will range in location, topic, and format, they each will provide students with broader perspectives and experience in water-related research and extension education. Students will gain real world experience with the complexities and trade-offs associated with water-related decisions in rural and urban landscapes.

Seven students will be selected for the internship and placed at a university across the region. Internships are paid and full time over the summer. Students will be paid $15/hour in addition to up to $1,000 reimbursement for travel to the program site and a stipend of roughly $3,420 for subsistence support. (Please note, compensation may vary slightly state by state.)

In addition to activities and products at their host institution in conjunction with their mentor, students will also be part of a virtual cohort that will work together across the region to address a regional watershed management issue. As part of the virtual cohort, students will also engage in skills training throughout the summer and attend and participate in an in-person student learning summit near the end of their internship.

Any degree seeking student is eligible that has completed at least one year of higher education before starting the internship program. The application is now open!
Here is a flyer you can share in a classroom setting. Sincere thanks for sharing with any students who might be interested in applying.  
Thanks!

Anne Nardi
