Internships

Agricultural Robotics Internship in Australia/New Zealand

Abundant Robotics [https://www.abundantrobotics.com/] is preparing to deploy the world's first robotic apple harvesters. We are seeking interns to help operate, evaluate the performance of, and nominate feature improvements for these new systems during field trials in apple orchards in New Zealand and/or Australia.

Abundant will provide training at our office in Hayward, CA in early February 2020. We will then travel as a group to our work locations in either Australia or New Zealand for the months of February – through early-May.

Compensation:
• $15 (US) per hour – 40 hours per week expected
• Housing provided by the company
• Round-trip transportation from San Francisco to Australia/New Zealand

Target candidates:
• Majors: Any can apply
• 2nd, 3rd, or 4th year undergraduates, or 1st year masters students

Deadline to apply 12-1-2019

Part Time

Local Internships & Student Jobs in Handshake (403)

Attached “Local Internships & Part-Time Jobs 10-14-19.xlsx” is a list of 178 current internship opportunities (plus 225-part time jobs) that are either on MSU’s campus (or with an MSU department away from campus) or in the Lansing area. All 403 internships and part time jobs are posted in your Handshake account at the CareerNetwork.msu.edu website.

It pays to apply for jobs as soon as possible as employers sometimes close postings quickly. You can learn more about AND apply for jobs through the free online Handshake service.
Once at Handshake, you'll need to fill out your profile and upload your resume. With your profile and resume in place, you'll be able to search for job openings and submit applications by clicking on the "Apply" button in the job description or following the employer’s instructions.

Here’s how to quickly locate a specific job posting in Handshake:
Log in to your student account in Handshake at msu.joinHandshake.com
Copy and paste a Job ID number from the attached spreadsheet into the search box
Click search, click on the job title, read the details and apply if appropriate

Good luck with your student job or internship search!

MSU Career Services Network

**MSU Tour Guides: Handshake job 3193978**

Work experience claims to focus on some key transferrable skills:

- Decision Making & Problem Solving
- Customer Service
- Diversity Awareness & Respect
- Teamwork & Cooperation
- Leadership
- Communication & Public Speaking

**I-EGR Undergraduate Research Assistant Information**

See attached <I-EGR Undergrad Research Assistant Job Opportunity.pdf> for information. I-Engineering is a research project that takes place in two Lansing schools. Its focus is to support students in seeing themselves as capable, able and welcomed to using engineering in ways that matter to their communities and themselves. Students and their teachers use an “Engineering for Sustainable Communities” approach as they engage in two engineering design challenges with an energy focus.

**Full Time**

**Quality Assurance Manager - R.S. Hanline**

Position Title: Quality Assurance Manager
Work Status: Full Time; Salary
Benefits: Healthcare, 401K, Paid Vacation
Location: Romulus, Michigan
Position Summary:
R.S. Hanline is seeking an experienced Quality Assurance Manager to lead quality operations at our Romulus, Michigan food processing facility. This individual will be responsible for maintaining both Quality Assurance and Quality Control for the plant, assisting with producing mass amounts of high-quality commodities for our customers. This role will report to the Plant Manager. Responsibilities include monitoring and recording quality and conditions, as well as maintaining any necessary information for customer satisfaction and food safety applications.
Responsibilities:
- Responsible for ensuring that all processing and packaging conditions meet the predetermined company and customer specifications
- Daily collection, review, and filing of documentation associated with quality program, including but not limited to: QC checks, cooler temperature reports, shipping records, sanitation logs, etc. and handling any correction as necessary
- Other duties will include performing audits, handling Letters of Guarantee from suppliers, handling recall documentation and collecting receiving and shipping records, maintaining SOP book, maintaining the Quality Assurance manual, and maintaining the Environmental Testing Program
- Responsible for updating and verifying HACCP Program
- Assist with developing, writing, and implementing procedures and specifications
- Complete all necessary paperwork and documentation correctly and on-time
- Observe raw and finished product, checking for quality in color, size, weight, etc.
- Ensure processing/packaging rooms are set-up prior to start of shift; this includes but is not limited to placing footbaths, hand dip stations, filling water bath tanks, mixing and testing sanitizer levels, and more
- Perform micro-testing and product analysis as needed and implement any necessary changes
- Communicate quality specifications, food safety procedures, and food handling practices with supervisors and employees to ensure uniform compliance

Qualifications:
- Bachelor’s Degree from an accredited university
- 1+ years proven work experience in QA/QC, preferably in the food industry
- Experience working with limited supervision
- Possess proven knowledge of industry standards and food safety practices
- Ability to recognize opportunities to create efficiencies
- Excellent written and verbal communication skills
- Ability to work in a fast-paced environment, adapt to continuous changing needs, and perform under pressure

Scholarships

2019 Frank Lipinski Memorial Scholarship - due November 1, 2019
The Michigan Corn Growers Association (MCGA) board of directors created this scholarship in memory of former board member, Frank Lipinski. Frank was passionate about helping people with a non-agriculture background enter into the industry and he educated many young people on the career opportunities available in agriculture.
Qualifications
- Applicants must be enrolled as a full-time student at a post-secondary educational institution pursuing an agricultural degree during the spring 2020 semester.
- Applicants must come from a non-agriculture/farm background. (Being a member of FFA, 4-H or any other related organization does not disqualify you from applying).
- Applicants cannot come from a family farm.
The Frank Lipinski Memorial Scholarship is awarded to one student. Up to $2,000 will be awarded. The award will be applied to the 2020 spring semester. See attached application <Frank Lipinski Application 2019 Fillable Form.pdf>.

Research

Troubleshooting Your Undergraduate Research Experience
Wednesday, October 23, 5:30 PM | Wells Hall, Room A120
Intended for students who currently hold roles as undergraduate researchers, this panel discussion provides insight and suggestions on how to manage common challenges and problems. How can you establish an impactful working relationship with your supervisor? How do you manage to balance your academic, personal, and research responsibilities? How can you optimize your relationship with your faculty mentor? A panel of undergraduate researchers will share their experiences and ideas.

**Strategic Research Communication**
Monday, October 28, 5:30 PM | Wells Hall, Room A226
What do you want people to know about your undergraduate research? Do you find it difficult to communicate aspects of your research or creative activity? Dr. John Besley (Advertising & Public Relations) will help you define your communication goals and reach your target audience.

**Finding a Summer Research Opportunity**
Wednesday, November 13, 7:30 PM | Berkey Hall, Room 104
There are a variety of summer opportunities available for students. Programs are hosted by colleges and universities around the United States and the world. They provide an intensive research experience on a particular topic within a scholarly discipline. For undergraduates with plans for graduate or professional school after MSU, summer research provides the opportunity to expand your professional network and acquire experience in an area of interest. In this workshop, you will learn more about summer research, the benefits of participation, and effective search strategies, including how to find and apply for opportunities.

**Unpacking Your Research Experience**
Tuesday, November 19, 5:30 PM | Student Services Building, Room 113
Have you thought about how the skills you are gaining through your undergraduate research experience will assist you in the future? Come learn about strategies for communicating your abilities to others, such as graduate schools and future employers. This workshop will include information about creating an elevator pitch related to your research and an opportunity for you to critically reflect on the skills you have built by being involved in undergraduate research. Come prepared to interact and engage with your peers about your research!
