Career Preparation

BE Club - Pumpkin Carving Tuesday, October 30, 6:30-7:30 pm
What: Fall is upon us, join BE club in celebrating with a pumpkin carving social! Take a break from studying and enjoy fun carving, good company, and food.

When: Tuesday October 30, 6:30pm – 7:30pm
Where: 114 Farrall

Education Abroad
The BAE Department is sponsoring (2) summer 2019 faculty-led programs that will be at table 95. Sustainable Food, Environment, and Social Systems Australia is a 7-credit program that offers credits in ISS 310. Ecological Engineering in the Tropics Costa Rica is a 4-credit program that usually runs over winter break but is being moved to a summer program to avoid being out-of-country on Christmas day. To learn more attend one of the following info sessions:

Info Session - Sustainable Food, Environment, and Social Systems Australia Summer 2019
- November 19, 6:00-6:45 pm, 103 Farrall Hall or Zoom - msu.zoom.us/j/5173533258

Info Session - Ecological Engineering in the Tropics Costa Rica Summer 2019
- November 19, 6:45-7:30 pm, 103 Farrall Hall or Zoom - msu.zoom.us/j/5173533258

Spring Break Corporate Tour - California
We have had many BE students who have participated in one of these. These are great networking and resume building opportunities.

Local Internships & Student Jobs in Handshake (350)

Attached “Local Internships & Jobs 10-24-18.xlsx” is a list of 151 current internship opportunities (plus 199 part-time jobs) that are either on MSU’s campus (or with an MSU department away from campus) or in the Lansing area. All 350 internships and part-time jobs are posted in your Handshake account at the CareerNetwork.msu.edu website.

It pays to apply for jobs as soon as possible as employers sometimes close postings quickly. You can learn more about AND apply for jobs through the free online Handshake service.

Once at Handshake, you'll need to fill out your profile and upload your resume. With your profile and resume in place, you'll be able to search for job openings and submit applications by clicking on the "Apply" button in the job description or following the employer’s instructions.
Here’s how to quickly locate a specific job posting in Handshake:
Log in to your student account in Handshake at msu.joinHandshake.com
Copy and paste a Job ID number from the attached spreadsheet into the search box
Click search, click on the job title, read the details and apply if appropriate

Good luck with your student job or internship search!

MSU Career Services Network

**Internship**

**Oshkosh Corporation**
From BE student Anna Raschke:
My boss at Oshkosh Corporation asked me to spread the word about my position that I had this past year, since Oshkosh is not coming to MSU for recruiting this year. The internship was truly amazing and I learned so much from it!
Hope you are having a nice weekend,
Anna Raschke
MSU Biosystems Engineering Major

**Subject:** RE: Internship Update

Oshkosh Corporation Classification: Restricted

Anna –

I appears the link I sent below is not working. Here is a link to just the Oshkosh Career site:  [https://career4.successfactors.com/careers?company=Oshkosh&site=R2tFaUFtU2xSSmc9](https://career4.successfactors.com/careers?company=Oshkosh&site=R2tFaUFtU2xSSmc9)

Career Opportunities - SuccessFactors
career4.successfactors.com
Oshkosh Corporation is a leading manufacturer and marketer of access equipment, specialty vehicles and truck bodies for the primary markets of defense, concrete placement, refuse hauling, access equipment, and fire & emergency.

If you search for intern in the corporate business unit, you will find the position.

Thanks for any help you can provide.
Scott Obremski, CHMM
Senior Corporate Environmental Manager
Oshkosh Corporation

BDI Fluid Power
From one of our Industry Advisory Board members, Rob Yoder.

Darrell following up on our discussion about BDI employment

Here is a website if any students are interested. 
Alexandria Smith <asmith@bdi-usa.com> she handles recruiting for Internships along with our Smartstart trainee program

I would also encourage students to look at Fluidpowerjobs.com
This will lead them to multiple opportunities within the Fluid Power Industry

Rob Yoder

Hal and Jean Glassen Scholars Program
PROGRAM OVERVIEW
Michigan State University’s Hal and Jean Glassen Scholars Program offers students exposure to real-world experience through working full-time as paid interns at state and federal agencies, non-governmental organizations or businesses that focus on complex natural resource issues in Michigan. The internship will be a paid 12-week, up to 40-hour-per-week position.

In addition, a senior-level class in natural resources management and policy meets one night a week. The internships and course curriculum complement and advance the students’ learning through practical experience that influences citizens and communities across the state on such issues as the role of hunting, fishing and trapping in the future of conservation; parks and recreation; agriculture; the environment; natural resource management; business and the economic impacts of these issues in Michigan. The course is taught through lecture and discussion sessions, augmented by weekend field trips that include on-the-ground visits, experience with natural resources and conservation-related programs and professional connections.

Glassen Scholars will earn between $1,000 - $1,500 per month depending on organization and placement location. Students will be responsible for their own transportation to and from their internships and class.

WHO SHOULD APPLY
Upper level undergraduates and graduate students

How to Apply
Send a resume to Patricia Stewart (stewartp@msu.edu) no later than November 2, 2018. Ms. Stewart will hold a 30- to 45-minute, face-to-face interview with selected candidates in November (additional interview dates may be added depending on applicant pool size). Please note that this is a competitive process. Click HERE for additional information.

QUESTIONS?
Contact Patricia Stewart at 517-282-5357 or e-mail stewartp@msu.edu
Undergraduate Research Office Fall 2018 Workshops

Finding a Summer Research Opportunity
Tuesday, November 6, 5:30 pm, Location: TBD
There are a variety of summer opportunities available for students. Programs are hosted by colleges and universities around the United States and they provide an intensive research experience on a particular topic within a scholarly discipline. For undergraduates with plans for graduate or professional school after MSU, summer research provides the opportunity to expand your professional network and acquire experience in an area of interest. In this workshop, you will learn more about summer research, the benefits of participation, and effective search strategies, including how to find and apply for opportunities.

Learning about Undergraduate Research
Wednesday, November 14, 7:30 pm, Location: 304 Bessey
Make research an integral part of your MSU experience! Come learn about the opportunities available for involvement in research and creative activities at Michigan State. You can expect a short presentation, discussion, and Q & A facilitated by current undergraduate researchers.

For more information, contact us via email at ugrsrch@msu.edu or phone at 517-884-4384.
