Nick Tipper
Engineering
ntipper@techmark-inc.com

Techmark is an international agricultural engineering company specializing in storage and production systems. Techmark applies technologies that create positive returns for growers and industry. Located in Lansing, Techmark was established in 1987 by own BE alumni Todd Forbush. Specializing in produce storage and mushroom control systems, Techmark continues to grow and push the envelope of technology options to preserve food quality and protect food safety. Have you ever thought about tracking a potato from the field to a potato chip and all the bumps and bruises along the way? Come to the BE Club meeting to learning about their impact recording device, tracking produce storage from a smart phone, managing mushroom systems, and more. Nick Tipper is an Engineer with TechMark, Inc. and also a BE
alumni. Nick will present on the exciting innovations that Techmark provides, how the innovations have changed significantly in recently years, what the future possibilities are, and career opportunities in the food quality/safety area.

Unpacking Your Education Abroad Experiences, Wednesday,
11/15/17, Erickson Kiva, 6-8 pm
SAGA (Spartans Abroad Global Ambassadors) has partnered up with MSU Career Services to revitalize this presentation. This workshop will allow students to deeply reflect on their experiences abroad and learn how to articulate their experiences in a way that makes them more meaningful to employers. Students will also learn how to reflect their international experiences on their resumes and talk about in in interviews. Contact SAGAmsu@gmail.com with question and see the attached flyer.

Food Evolution Exclusive Screening, Thursday, 11/16/17, B119 Wells Hall, 7 pm
Free. Discussion to follow. Director Scott Hamilton Kennedy will join the discussion via Zoom. Amid a polarized debate marked by passion, suspicion and confusion, FOOD EVOLUTION explores the controversy surrounding GMOs and food. Traveling from Hawaiian papaya groves, to banana farms in Uganda to the cornfields of Iowa, this fascinating film wrestles with the emotions and the science driving one of the most heated arguments of our time.

Public viewings sponsored by: MSU Office of the Vice President for Research and Graduate Studies; MSU College of Agriculture and Natural Resources; MSU AgBioResearch; MSU Extension; Center for Research on Ingredient Safety; and Sustainable Michigan Endowed Project.

This film is part of the East Lansing Film Festival.
See the attached flyer for more details.

BE Club / ASABE Michigan Section Join Meeting, Tuesday, 11/28/17, 119 Farrall, 6:00 pm refreshments and social time & 116 Farrall 6:30 pm ASABE presentation
The ASABE Michigan Section invites you to a program highlighting the benefits of membership in a professional society! This is a great opportunity to learn about what ASABE can do for you and how you can help promote the profession and participate in your local ASABE section. Special Guests include representatives from National ASABE Headquarters: ASABE Executive Director, Darrin Drollinger and ASABE Director of Advancement, Mark Crossley.

Students:
• Learn about the benefits of joining a professional organization such as ASABE.
• Student opportunities at the upcoming 2018 ASABE Annual Meeting in Detroit.
• Participation with the local MI Section through networking and events.

See the attached flyer for more details.
