Career Preparation – Upcoming events

These events and opportunities are your gateways to internships, professional networking and full-time employment – you have to attend – no excuses. Please participate!

**BE Club / ASABE Michigan Section Join Meeting, Tuesday, 11/28/17, 119 Farrall, 6:00 pm refreshments and social time & 116 Farrall, 6:30 pm ASABE presentation**

The ASABE Michigan Section invites you to a program highlighting the benefits of membership in a professional society! This is a great opportunity to learn about what ASABE can do for you and how you can help promote the profession and participate in your local ASABE section. Special Guests include representatives from National ASABE Headquarters: ASABE Executive Director, Darrin Drollinger and ASABE Director of Advancement, Mark Crossley.

**Students:**  

- Learn about the benefits of joining a professional organization such as ASABE.  
- Student opportunities at the upcoming 2018 ASABE Annual Meeting in Detroit.  
- Participation with the local MI Section through networking and events.

See the attached flyer for more details.
Food Industry Institute & Scholarships- All CANR Students invited to apply

Are you interested in learning more about the food industry? Or maybe planning on having a career in a related field? Apply today for the AFA Food Institute held in Chicago, Ill, January 28-30th. AFA will be selecting up to 75 passionate, talented and committed students who are future leaders in the industry to take part in the first ever Food Institute. Applications are due on November 29, 2017 and can be found at www.agfuture.org/afafood.

You may be wondering why you should attend the AFA Food Institute?

1. Networking: At the AFA Food Institute you will network with other highly talented students interested in the food industry from across the nation. Not only that, but you will also get to interact with recognized leader in the food industry. From year to year, you will continue to work with these individuals.

2. Industry Tours: During the institute, one day will be committed to you learning the scope of careers within the food industry. This means you will interact with professionals all across the sector. From processing and marketing to production and safety and regulation you will see a broad scope!

3. Soft Skill development: While networking is important, so are the skills to do the job. At the AFA Food Institute, they will take time to help train you in just a few of the important soft skills you’ll use as a professional in the industry.

4. The AFA High: There is no way you can leave the Institute without being excited about agriculture and the future. AFA helps you define your future goals and hone your skills. When you go back to campus, you will be able to make more meaning of why you are on campus – whether you are in class or in a club meeting.

If you would like to attend the AFA Food Institute, you should apply through the online application. AFA’s industry partners will cover your registration, lodging and meals during the Institute. The only thing you will have to cover is your travel, but talk to me about carpooling or resources from our campus. Learn more and apply at www.agfuture.org/afafood. Applications are due on November 29! Please take some time on your application!

If you are selected, you will be notified by AFA in Mid-December. MSU recommends that the AFA Food Institute delegates take the Amtrak from East Lansing to Chicago.

If you have questions, please don’t hesitate to contact me at jcords@msu.edu. I would be happy to review your resume and application / essay questions before you submit them.

Thank you in advance for promoting the AFA institutes to your students.

Jill Cords
Career Consultant, Michigan State University

Attached is a copy of the registration flyer and the program schedule for our Annual Onsite Wastewater Treatment Conference and Exhibition at the Kellogg Center January 9th thru 11th. This year admission to the conference will be FREE FOR STUDENTS, so they may come and go as they wish to fit attendance into their class schedules. Please advise students to check in at the registration desk each day they are there.

Please pass this information on to your students and encourage all that are interested in rural wastewater treatment to take advantage of this opportunity. Thanks.

Scholarships

College of Agriculture and Natural Resources Alumni Association Scholarships – Due December 1

The Michigan State University College of Agriculture and Natural Resources Alumni Association plans to award eight $3,000 scholarships to ANR juniors, three $2,000 scholarships to freshmen in Agricultural Technology and two $3,000 scholarships to graduate students this spring.
The scholarship will be awarded to students who demonstrate leadership and community service, possess effective communication skills, have a commitment to his/her chosen field of study, are well-rounded in academic and non-academic pursuits and have a vision or plan for a future career. Since 1989 we have awarded 409 scholarships totaling more than $775,000.

Applications may be downloaded from www.canr.msu.edu/alumni/alumni/anr_alumni_association_scholarships. The application form lists the following information and materials that must be submitted to be considered for this scholarship.

- Completed application form
- 300 words or fewer essay describing your future plan/goals
- Resume
- Two letters of reference

Scholarship application packets must be submitted no later than December 1, 2017, for consideration online at https://events.anr.msu.edu/canrscholarships/ or to: CANR Alumni Association, Justin S. Morrill Hall of Agriculture, W. Circle DR; Room 319, East Lansing, MI 48824.

The CANR Alumni Association scholarship committee will choose a select number of candidates to interview for this scholarship in January 2018. Announcements of the awards will be made in late January. The actual scholarship money will be given for the 2018/2019 academic year.

If you have questions regarding these scholarships, please do not hesitate to contact Kathryn Reed, Assistant Director of Alumni Relations and Special Events, at 517-355-0284 or e-mail at kreed@msu.edu.

Research

Re-inventing the Nation's Urban Water Infrastructure (ReNUWIt)
Summer 2018 Research Experience

Please encourage students on your campuses to apply to our REU Program in water science and engineering!

The National Science Foundation (NSF)-funded Engineering Research Center (ERC) for Re-inventing the Nation's Urban Water Infrastructure (ReNUWIt) is now accepting applications for its Summer 2018 Research Experience for Undergraduates (REU) Program. Participants will conduct mentored research in ReNUWIt faculty lab groups at Colorado School of Mines, New Mexico State University, Stanford University, and University of California at Berkeley.

Application deadline: February 10, 2018

Please direct interested undergraduates to our website (http://renuwit.org/education/reu-program/) to learn more and apply.

Program Contact: Dr. Pam McLeod (pamelamc@stanford.edu)
