BE BBQ - Celebrate the Fall Semester, Thur., Dec. 13, noon-1:30 pm

Who: All BAE students, faculty, and staff
What: Fall Semester 2018 is quickly coming to an end. It’s time to celebrate your accomplishments, to enjoy time with peers and faculty and to enjoy a traditional departmental BBQ. Come when you can. Enjoy delicious food and friendly conversation. Leave when you need to.
When: Thursday, Dec. 13, 2018, noon – 1:30 pm
Where: 114 Farrall Hall

Spring Break Corporate Tour - California
We have had many BE students who have participated in one of these. These are great networking and resume building opportunities.

MSU The Center for Spartan Engineering

Job: Engineering: Spring Break Corporate Tour (SBCT) 2019 - CALIFORNIA
Employer: MSU The Center for Spartan Engineering
Apply before: Friday, January 11, 2019 11:55 pm EST

Ag Future of America (AFA) Institutes

All CANR students are encouraged to apply for sponsorship to attend one or all of these Ag Future of America (AFA) Institutes. Last year MSU had the most students attend the 2018 Food Institute in Chicago. If accepted to attend, conference fees, hotel and meals are provided. The CANR will provide partial travel scholarships to students that attend.

AFA Food Institute – Jan. 27-29
Chicago, Illinois
Applications due 11/28/2018
www.agfuture.org/afafood

AFA Technology Institute – Feb. 28-March 2
Orlando, Florida
Applications due 12/5/2018
www.agfuture.org/afatechnology

AFA Policy Institute – March 17-19
Washington D.C.
Applications due 12/5/2018
www.agfuture.org/afapolicy

AFA Animal Institute – April 7-9
Kansas City, Missouri
Applications due 1/30/2019
www.agfuture.org/afaanimal

AFA Crop Science Institute – July 21-23
Sacramento, California
Applications due 4/10/2019

Call for Research and Creative Arts Posters - Neighborhood Poster Initiative
We are reaching out to undergraduate research and creative arts students who would like their poster displayed in the MSU Neighborhoods as part of our Undergraduate Research Poster Initiative. We ask that you please share this with students who may be interested in sharing their research poster with the MSU community.

Their poster along with a short narrative about their research will be displayed for the Spring 2019 semester in the Neighborhoods. If your student is interested in sharing their research poster with the MSU community, please follow the steps outlined below:

1. Email a PDF or PPT copy of your poster to ugrsrch@msu.edu so we may print it (40x32).

2. Please complete the survey found at this link: https://msu.co1.qualtrics.com/jfe/form/SV_cux5KnfMPFR0A97 (we will use the information to create a bio that will be placed next to your poster while it is on display.)

3. Please send us a headshot style picture of yourself so we can add it to the profile to ugrsrch@msu.edu.

We would like all items to be submitted by Wednesday, December 5th at noon in order to be displayed the spring semester. Please share this opportunity students you think would like to participate.

Thank you,

Undergraduate Research and Creative Activity (URCA)
Office of the Provost – Undergraduate Education

Recent Handshake Opportunities

JBS
From Jill Cords, CANR Career Coordinator:
All – the recruiting team from JBS contacted me. They are still looking for multiple interns. In addition there are multiple full time opportunities with them too. Feel free to share with your students that are looking.

JBS Internship Program (multiple locations)
https://msu.joinhandshake.com/jobs/228958/share_preview

JBS Trainee Program (full time – multiple locations)
https://msu.joinhandshake.com/jobs/1190989/share_preview

Corteva
All – there are some really great opportunities with Corteva. I emailed these out to the Ag Related CANR students. There are some really good field based opportunities that could be a fit for your students.

CANR Students
Corteva is the new company that was formed from Dow AgroSciences and Dupont Pioneer. There are multiple locations nationwide and a few located in Michigan.

I've talked with the hiring managers of the Michigan locations they are open to either Ag Tech or 4-year CANR students applying for their opportunities. If you don't have a summer job or summer 2019 internship, please consider applying for these opportunities.

In most cases, Corteva will assist you in finding housing for the summer.

If you would like assistance with your before you apply, please make an appointment with me or another career adviser on Handshake.

Best of Luck as you apply

Local Internships & Student Jobs in Handshake (345)

Attached “Local Internships Jobs 11-20-18.xlsx” is a list of 159 current internship opportunities (plus 186-part time jobs) that are either on MSU’s campus (or with an MSU department away from campus) or in the Lansing area. All 345 internships and part time jobs are posted in your Handshake account at the CareerNetwork.msu.edu website.

It pays to apply for jobs as soon as possible as employers sometimes close postings quickly. You can learn more about AND apply for jobs through the free online Handshake service.

Once at Handshake, you'll need to fill out your profile and upload your resume. With your profile and resume in place, you'll be able to search for job openings and submit applications by clicking on the "Apply" button in the job description or following the employer’s instructions.

Here's how to quickly locate a specific job posting in Handshake:
Log in to your student account in Handshake at msu.joinHandshake.com
Copy and paste a Job ID number from the attached spreadsheet into the search box
Click search, click on the job title, read the details and apply if appropriate

Good luck with your student job or internship search!

MSU Career Services Network
Full Time and Internships not on Handshake

Student Employment Opportunity - MSU Enviroweather
MSU Enviroweather Program has two (2) employment opportunities available this year. Individuals’ duties are to assist in maintaining electronic systems to monitor the weather located in locations around Michigan.

MSU Enviroweather Program is a “web-based” network of remote weather stations located in Michigan and Wisconsin. They provide weather data for farmers and farm managers to optimize their effort and plan their activities. www.enviroweather.msu.edu

Position Description:
The positions are offered through MSU. Students will receive training as needed but are expected ultimately to work independently. Daily travel throughout the state to perform specific duties include: Replacing batteries; setting up weather stations; installing sensors; trouble shooting electronic systems; site ground maintenance. Knowledge and ability of hand tool and DMM use required. Employment is from Mar-May, 29 Hr/Wk – May-Aug 40 Hr/Wk. Pay based upon skill level and knowledge. Chosen applicants are expected to live in the Lansing area during the period of the internship but are “home” at the end of most work-days. A university vehicle is provided for work use.
Send Resume to:
Steve Marquie Operations Director MSU Enviroweather Program
wb9tow@egr.msu.edu

Requirements:
Applicants must have a MI Driver’s License with NO points or DUI (no exceptions)
Live in the Lansing area during the employment period
Ability to read a map/GPS
Have Cell-phone

Pfizer Opportunities
From current graduate student, Ashley Cutshaw.

Good Morning Ashley!

I know you mentioned you may know a few students who would be interested in hearing more about the Pfizer opportunities we have so frequently. We have several different entry level positions that come up often. Pfizer requires a Bachelor’s Degree in any life science field for these positions. The hiring managers are also really big on culture, and want someone with a positive mindset wanting to work in a team environment.

Aerotek has placed over 200 people at the Pfizer facility in Kalamazoo. We have been notified that within the next 5 years, 25% of their employees are forecasted to be retiring. It is expected that the Kalamazoo location will become the largest pharmaceutical facility in the western hemisphere once their expansion is complete.

We also staff opportunities at the Rochester location as well. Either way, it’s a great chance to get into a growing company and progress quickly (you can start applying within in 6-12 months to move up quickly). Most of the positions I have are entry level, because they do try and promote within as much as possible.
Even if you haven’t graduated yet, please feel free and reach out so we can see if this is a good opportunity for you to progress your career. That way we can get something lined up for after graduation.

Email is the easiest way to contact me, please leave a phone number so I can reach out to you as soon as possible.

Take care,

Amy Childers

**Public Utilities Engineer 9-12**

From a recent BE alumnus, The Michigan Public Service Commission has an open engineering position. They’ve extended the deadline for applications to 12/2. The supervisor, Bonnie Janssen, is an experienced engineer and kind person. She is looking for an individual who is eager to learn and a good writer.

May you please pass on the information to any interested students? Thank you!

The PSC has posted the following vacancy on the CS website:

Public Utilities Engineer 9-12, Energy Resources Division, Energy Markets Section, Supervisor – Bonnie Janssen

JOB #: 6401-18-PSC-020

Hourly: $21.56 - $38.41

OPENING DATE: 10/30/18

CLOSING DATE: 11/25/18 05:00 PM

Please see posting for further information.

La Casa Verde Produce, Summer Interns
Hi,
Thanks for helping me today.
Here is a flyer to post in your department, for 2019 Summer Interns at our small farm in Leelanau County. The flyer text gives a full description.
Appreciate the help!
Dave Weeks,
Owner
La Casa Verde Produce

Chippewa Luce Mackinac Conservation District - CTAI Engineer - Apply by December 7
The Chippewa Luce Mackinac Conservation District (CLMCD) is seeking interested applicants to serve as an Engineer for the Conservation Technical Assistance Initiative (CTAI). The engineer will work with individuals in the agricultural community to provide engineering services by conducting field investigations, topographic and stakeout surveys, prepare engineering designs and drawings, prepare construction cost estimates, and provide oversight of the installation of engineering structures and practices. These practices may include: livestock waste storage facilities, animal trails and walkways, livestock watering facilities, grade stabilization structures, grassed waterways, and wetland restoration practices. The individual will be expected to perform tasks independently with little supervision or assistance in a timely fashion. Field work will be expected to be completed in a variety of conditions including rain, snow, and heat. The position will be based in Sault Ste. Marie, Michigan and will include assignments in all of Chippewa, Luce, and Mackinac counties. Duties will be performed under the supervision of the CLMCD Executive Director with job assignments/technical assistance from the Natural Resources Conservation Service (NRCS). Office to field split is approximately 70/30 depending on the time of year.

Job Description

Application Deadline: Applications preferred by 4:00 pm EST on Friday December 7th. Interested applicants should send a professional resume, cover letter, and a list of three (3) references to clmcd@macd.org with the subject: Engineer Position or mail to CLMCD C/O Mike McCarthy, 2847 Ashmun St, Sault Ste. Marie, MI 49783 for consideration.

Scholarships

NCGA, BASF Accepting Applications for 2018 Scholarships
The National Corn Growers Association is again offering its William C. Berg Academic Excellence in Agriculture Scholarship thanks to the sponsorship of BASF Corporation.

Five $1,000 scholarships are available to college students (sophomores, juniors, seniors, graduate students and Ph.D. candidates) who are pursuing any undergraduate or graduate degree.

The five scholarship winners and their parent/guardian will be announced at NCGA’s annual tradeshow and convention, Commodity Classic, which will be held on February 28 – March 2, 2019 in Orlando, Florida.

Applicants or a parent/guardian must be a member of the NCGA. Past scholarship winners and employees and the families of employees of any division of BASF or their subsidiaries or the NCGA are not eligible for the scholarship. Students may apply for membership at NCGA.com.

**Applications must be submitted by December 1, 2018.**

The application is available here: http://www.ncga.com/scholarships.

Please send this information on to students, educators, university staff, or anyone in your community who you believe would be interested.

**MSUFCU Intern Award Application Period Now Open**

**Internship Opportunity Award Overview**

Through the generosity of the Michigan State University Federal Credit Union (MSUFCU) and individual donors, the MSU Career Services Network is able to grant stipend awards for undergraduate students participating in unpaid internships located in the United States during the Spring 2019 semester.

The MSUFCU Internship Opportunity Award program was established to encourage students who have demonstrated the capacity to accomplish educational and professional goals, the motivation to achieve these goals and the initiative to seek experiential learning opportunities to further progress toward their career.

**Recipients will be selected based on the following criteria:**

- Undergraduate MSU student in good standing;
- Preference will be given to students graduating in Fall 2019 or later;
- Accepted to or actively pursuing a high quality, unpaid, career-related internship focusing on the following areas: non-profit organizations, government, media, the arts, public relations and advertising;
- Demonstrated financial need (as determined by student essay and the MSU Office of Financial Aid);
- Open to U.S. based internships ONLY, preference will be given to applicants interning at non-profits located in the Lansing area, non-profits in Michigan and Michigan start-up businesses in operation less than two years;
- Program is not open to students interning with an MSU department, who are interning internationally, who are past Award recipients, or graduate level students.
- Late applications will not be accepted.

**Internship Awards – Spring 2019 - Apply by 11:59 pm, January 16, 2019**

Awards of up to $1000 each are available. The number of awards will be given based on available program funds and demonstrated student interest and need.

Recipients will be required to express acceptance and appreciation in writing within three (3) weeks of notification of the award, participate in a pre-internship Career Services workshop and post-internship donor event, and help with other program-related activities (details shared after award notifications.)

**Application Checklist**

To be considered for this award, all applicants need to submit an MSUFCU Internship Award Application via Desire 2 Learn, a 500-word personal essay (prompt included below) and a current resume via their Desire 2 Learn account through the MSUFCU Intern Award Course.

Write a statement of up to 500 words that addresses the following information:
- Your academic and career goals
- How this internship fits into your strategy for achieving those goals (If you have not yet secured an internship, describe your “first choice” internship you are pursuing.)
- What you will be doing and learning in this internship
- Your passion for the internship
- Any financial considerations that are affecting your ability to pursue this internship
