Career Preparation

MSUFCU Career Fair Prep Mixer event at Union on Jan 23
The MSU Federal Credit Union is partnering with the Career Services Network spring semester to offer a new variation of their popular professional prep series dinners!

MSUFCU Career Fair Prep Mixer
January 23
5:30 – 7:30pm
MSU Union, Lake Huron Room 3rd floor
Networking practice, resume tips, professional attire advice and learning to love LinkedIn - all designed to prepare you for career fairs and employer events. A hearty buffet of tasty treats, move-around activities and door prize drawings will help make this a workshop to remember! There’s only room for about 100 students, so rsvp your space today!

Registration required (includes a $10 fee to contribute to cost of dinner):
https://msufcucareerfairprep.eventbrite.com

Please share this unique workshop with students, as appropriate. Thanks!

Spring Break Corporate Tour - California - Due January 7, 2019
We have had many BE students who have participated in one of these. These are great networking and resume building opportunities.

Michigan State University is excited to announce that the 13th Annual Spring Break Corporate Tour (SBCT) will be headed to California and Nevada from Saturday, March 2 through Saturday, March 9. The trip will consist of 9 to 11 half day employer visits throughout the week in the following cities: San
Francisco (CA) - Silicon Valley (CA) - Oakland (CA) - Modesto (CA) - Reno (NV). Preference will be given to 1st and 2nd year students, but we will accept applications from 3rd year students as well.

To apply for the trip, you need to complete the following items:
Apply to this posting with an updated version of your resume.
Add a letter of interest of why you would like to participate in the corporate tour. Attach this as an "Other Document"

In addition to the visits, we will host an Alumni / Recruiter Mixer in Downtown San Francisco and there will be free time once we arrive on Saturday, all day Sunday, and most evenings to explore the cities.

The trip will cost $500, which will cover lodging for 7 nights in Downtown San Francisco and Reno, as well as air / ground transportation. Hosts of the corporate tour generously sponsor the trip to offset most of your expenses.

If you have any questions, message Kyle Liechty or Rachel Mangiavellano at careers@egr.msu.edu.

Local Internships & Student Jobs in Handshake (332)
Attached “Local Internships & Jobs 12-11-18.xlsx” is a list of 160 current internship opportunities (plus 172-part time jobs) that are either on MSU’s campus (or with an MSU department away from campus) or in the Lansing area. All 332 internships and part time jobs are posted in your Handshake account at the CareerNetwork.msu.edu website.

It pays to apply for jobs as soon as possible as employers sometimes close postings quickly. You can learn more about AND apply for jobs through the free online Handshake service.

Once at Handshake, you'll need to fill out your profile and upload your resume. With your profile and resume in place, you'll be able to search for job openings and submit applications by clicking on the "Apply" button in the job description or following the employer’s instructions.

Here’s how to quickly locate a specific job posting in Handshake:
Log in to your student account in Handshake at msu.joinHandshake.com
Copy and paste a Job ID number from the attached spreadsheet into the search box
Click search, click on the job title, read the details and apply if appropriate

Good luck with your student job or internship search!

“OneUSDA Internship” opportunity for Summer 2019
USDA Family-

Today, I am proud to announce that we are accepting applicants to our “OneUSDA Internship” opportunity for Summer 2019. Today’s students are the future of America and there are few things more American than agriculture. We’re aiming to find fresh talent, with diverse backgrounds, across all 50 states, to begin their careers as an intern with USDA.

As part of the Federal Pathways Program, the OneUSDA Internship will provide students a way to explore serving their country through a career in government while gaining work experience in agriculture, natural resources, rural development, and other career fields.

If you know of anyone who may be interested in serving their country and working here at USDA, please pass this email along to them. We would love to hear from them and have them serve at USDA.

The OneUSDA Internship Program provides students with experience in a dynamic work environment that will enhance their educational goals and shape their career choices. At USDA, we are committed to teaching and shepherding the next generation of strong leaders.

USDA will start reviewing applications on December 9, and the application window will close on January 18, 2019. Help us spread the word!
In the Summer of 2019, USDA will hire Pathways Interns in hundreds of locations across every state for the following occupational fields:

- Veterinary Science
- Biological Sciences (e.g., natural resources management forestry, wildlife biology, fish biology, ecology, botany, rangeland management, recreation)
- Engineering
- Agribusiness, Contracting, Procurement, and Industry
- General Administration and Office Support

After choosing the geographic region of preference and the career path that best matches with students’ area of study and professional aspirations at https://www.usda.gov/Internships, students simply follow the weblinks to https://www.usajobs.gov/ to set up an account, then follow the prompts to apply to the internship.

For more information, visit www.USDA.gov/Internships.

**UConn Engineering: Entrepreneurship Research Experiences for Undergraduates (E-REU) Now Accepting Applications for Summer 2019**

*************

Sent on behalf of Dean Burkey

*************

Good afternoon,

I am reaching out to you to alert you that applications are now being accepted for Year 3 of our Entrepreneurial Research Experience for Undergraduates that will happen in the Summer 2019 at the University of Connecticut! The aim of this E-REU is to provide students with a truly integrated research and entrepreneurship training experience, giving them both depth in fundamental engineering research, as well as breadth in entrepreneurial skills. Please pass along and share the attached flier with those that may be interested.

**Flyer:** “REU-2019.pdf”

For more information: e-reu.engr.uconn.edu/

All the best,

Prof. Daniel D. Burkey, Ph.D.
Associate Dean for Undergraduate Education and Diversity
Associate Professor-in-Residence, Chemical and Biomolecular Engineering
Engineering II Building room 304
University of Connecticut - School of Engineering
191 Auditorium Road Unit 3187
Storrs CT 06269-3187
NSF REU in Bioengineering: Application Deadline, Jan. 28 - University of Maryland’s Fischell Department of Bioengineering

Program Dates: June 3 – August 9, 2019

The University of Maryland’s Fischell Department of Bioengineering, with support from the National Science Foundation, is offering exciting research opportunities in bioengineering for undergraduates who are interested in exploring new approaches to engineering cells, tissues, and organs.

The deadline for students to apply to this 10-week Research Experience for Undergraduates (REU) program is Monday, January 28, 2019. Students are strongly encouraged to apply ahead of the deadline as admissions will be processed on a rolling basis.

Undergraduate students will be enlisted to investigate new engineering technologies for constructing and mimicking tissues and organs. Example projects include blood-brain-barrier-on-a-chip, preparing human brain phantoms with amyloid plaque models, 3D printing and microsystems for extracellular vesicle biomanufacturing, and molecular signaling in a gut-on-a-chip model.

Research projects will be hosted at University of Maryland or directly with the U.S. Food and Drug Administration (FDA), making this REU unlike any other available in the country.

Participants in this Bioengineering REU site will receive a $5,000 stipend for the 10-week research program, room and board, and the opportunity to support one often projects focused on engineering technologies for constructing and mimicking tissues and organs. Even more, participants will showcase their work in the FDA’s annual research fair, where they will present their research to other undergraduate researchers as well as FDA technical staff, non-FDA scientists, and even the FDA Commissioner.

Additional information is available online. Please contact REU program co-directors Dr. Ian White and Dr. Kimberly Stroka at bioe-reu@umd.edu with any questions.

WK Kellogg Biological Station URA, Internship programs and field courses

We are pleased to announce that we are now accepting applications for the 2019 Undergraduate Research Apprenticeship and Internship programs and summer field courses at MSU’s W. K. Kellogg Biological Station. Applications for the KBS URA And Internship programs will close on March 1. For more information, see the attached flyer or visit us online at:

http://www.kbs.msu.edu/education/undergraduate-program/

Please share with any interested students and colleagues. See attached for more information.
Disney Internships & Program Spring Recruitment Updates

Good morning!

FYI: The Disney college and internship programs team shared some good info below. Here’s what I found to be most useful:

Recent grads will now be eligible for the Disney College Program up to 1 year after graduation (up from 6 months)

- Jan 22 – approx. March 20 = Disney College program application period for Fall 2019 internships
- Jan 22 = Disney Professional Internships application period opens (varies by internships and very short window of opportunity)
- Jan 15 – Feb 4 = Disney Management Internships application period

Here’s where you can find details and any more info updates from the Disney internship team:
https://jobs.disneycareers.com/disney-college-program
See attached, “CP_FY19_Q1_CP_Fact_Sheet_11.18.pdf”

Scholarships

Jimmy L. Butt Memorial Scholarship 2019 Application & Instructions presented by Michigan Section of ASABE Due January 31, 2019

The Jimmy Butt Memorial Scholarship consists of up to two $500 scholarships to be awarded each year. One for a Freshman/Sophomore student and one for a Junior/Senior student registered as an Agricultural Engineering or Biological Systems Engineering student at a University or College.

Eligibility and Requirements for the 2019 scholarship competition are as follows:

- Must be a Pre-Professional MI section member of ASABE at the time of application
- Must have at least one more semester of classes to complete after the award of the scholarship (Min. 12 credit hours)
- Essay must be 500 words or less in Microsoft Word document with Arial 12 pt. font. The essay would be written on one of the subjects below:
  - What are the benefits of membership in ASABE?
  - Why and how do you plan to stay active in a Professional Organization of your choice?
  - What roles make ASABE such a popular international professional organization? How does your University or College also contribute to these roles?
  - If you were to volunteer to be on one of the ASABE standards committees, which one would you choose, why would you choose it, and how does that particular standard contribute to the society?

Application and Essay must be submitted by January 31, 2019

Submit to ASABE Michigan Section Scholarship Committee
Via email: Todd Forbush at tforbush@techmark-inc.com
Judging will be completed during the month of February 2019.
Scholarship will be awarded at the 2019 Spring Michigan Section Meeting.
MSUFCU Intern Award Application Period Now Open

Internship Opportunity Award Overview
Through the generosity of the Michigan State University Federal Credit Union (MSUFCU) and individual donors, the MSU Career Services Network is able to grant stipend awards for undergraduate students participating in unpaid internships located in the United States during the Spring 2019 semester.

The MSUFCU Internship Opportunity Award program was established to encourage students who have demonstrated the capacity to accomplish educational and professional goals, the motivation to achieve these goals and the initiative to seek experiential learning opportunities to further progress toward their career.

Recipients will be selected based on the following criteria:

- Undergraduate MSU student in good standing;
- Preference will be given to students graduating in Fall 2019 or later;
- Accepted to or actively pursuing a high quality, unpaid, career-related internship focusing on the following areas: non-profit organizations, government, media, the arts, public relations and advertising;
- Demonstrated financial need (as determined by student essay and the MSU Office of Financial Aid);
- Open to U.S. based internships ONLY, preference will be given to applicants interning at non-profits located in the Lansing area, non-profits in Michigan and Michigan start-up businesses in operation less than two years;
- Program is not open to students interning with an MSU department, who are interning internationally, who are past Award recipients, or graduate level students.
- Late applications will not be accepted.

Internship Awards – Spring 2019 - Apply by 11:59 pm, January 16, 2019
Awards of up to $1000 each are available. The number of awards will be given based on available program funds and demonstrated student interest and need.

Recipients will be required to express acceptance and appreciation in writing within three (3) weeks of notification of the award, participate in a pre-internship Career Services workshop and post-internship donor event, and help with other program-related activities (details shared after award notifications.)

Application Checklist
To be considered for this award, all applicants need to submit an MSUFCU Internship Award Application via Desire 2 Learn, a 500-word personal essay (prompt included below) and a current resume via their Desire 2 Learn account through the MSUFCU Intern Award Course.

Write a statement of up to 500 words that addresses the following information:

- Your academic and career goals
- How this internship fits into your strategy for achieving those goals (If you have not yet secured an internship, describe your “first choice” internship you are pursuing.)
- What you will be doing and learning in this internship
- Your passion for the internship

Any financial considerations that are affecting your ability to pursue this internship
