

Homework 1

- Due: Monday September 10

1. Find internet resources for BME news: Search the web to find at least 3 sources for news/reports about biomedical instruments. Look for sites that cover both technical issues as well as business issues (market analysis, company activity reports, etc.). Please avoid company-specific sites. List the sources and URLs that you find.
 2. Summarize BME news report: Locate a technical news article related to biomedical instruments (from an independent news source, not a company data sheet). Read the article and write a brief (1 paragraph, ~1/2 page) summary of the article. List the source (e.g. URL) after/within your summary.
 3. Find more sources related to your report summary: Search the web for other information related to the topic of the article you summarized in part 2. List these resources (that's all, *just list the sources*).
- Note: to get started you might want to check out <http://www.spectrum.ieee.org/Bioengineering> but don't limit yourself to this site.
