CoRe In the Spotlight, Spring 2017

**CoRe Directors Honored**

Dr. S. Patrick Walton, CoRe Director, has been awarded the 2017 Undergraduate STEM Research Faculty Mentor of the Year, for his commitment to undergraduate research and strong professional mentoring.

Carmellia-Davis-King, CoRe Co-curricular Director, matched with the Dean of Preparatory Year and Supporting Studies at Imam Abdulrahman Bin Faisal University, Saudi Arabia, to collaborate on student success models over the next year.

**Outstanding WIE Member Student Awards**

Mariam Ahmad and Emma Malik received the Outstanding WIE Member Awards for their academic excellence and co-curricular involvement from 3M and the Ford Motor Company.

**Outstanding Diversity Programs Award**

William Noles received the Outstanding Diversity Programs Award for his outstanding involvement in co-curricular programs and activities from Hubbell, Roth & Clark, Inc.

**Consumers Energy Foundation contributes $250,000 to continue their support to the CoRe Experience.**

**CoRe Students’ Achievements and Summer Internship Plans**

Joshua Kovacs will intern with Fiat Chrysler Automotive this summer. He will work at the North Jefferson Assembly Plant in Grosse Pointe, Michigan.

David Osinski will intern this summer at Eaton Corporation in the Aerospace Division in Grand Rapids, Michigan.

Shubham Shedge will intern this summer with the Delphi Corporation in Troy, Michigan. He will work in their Electronics and Safety Department.

Lindsay Goodrich earned a 4.0 GPA and is now a member of the Honors College. She will intern at the Facility for Rare Isotope Beams at MSU as an IT assistant.

Anna Raschke has earned the following awards during her time at MSU: first place in the Green Germany essay competition through the MSU German Studies Program, the 2017 Yoshimori Award from the Department of Writing, Rhetoric, and American Cultures for her film production, and second place in the CoRe and MSUFCU Sustainability Competition.

A team of four CoRe students, comprising Kurtis Potier, Jeremy Cowelchuk, Jacob Bruner, and Matthew Rightor, won third place in the 24-hour Stryker Engineering Challenge. Erik Stitt, a master’s student in Materials Science, served as their advisor.
CoRe students Sophia Venticinque, Andrew Marquardt, Jaewon Lee, Yancy Wingard, and Bailee Droste attended the Annual Spring Break Corporate Tour, which showcased a range of engineering industries and engineering opportunities across the Midwest. According to Yancy, meeting with executives from some of the world’s most prominent brands was a very engaging experience. This trip has been one of the most rewarding experiences for Yancy. Thanks to The Center for organizing this spring break tour!

**Upcoming Events**

**CoRe Bash**
April 7, 2017
8:00 am to 1:00 pm
Wilson Hall (outside of C102)
Keep Calm and Come to the CoRe Bash!
April 7 at 8am-1pm
Outside C102 Wilson
Come to the CoRe Bash! Interact with the Theme Partners and celebrate with food, fun activities and mocktails!

**CoRe CoRn Day**
April 20 at 6-8pm
The Hive in Wilson
Celebrate Earth Day by joining us for some sustainable edible goodies!

**CoRe Student Appreciation Day**
April 24
The Hive in Wilson
Thank you for participating in the CoRe Experience. Come to the Hive to pick up a beverage and a special gift!

**Spartan Innovations ASK Session**
April 14 at 1:30-3:30pm
Interested in Entrepreneurship? Come learn the resources and support that Spartan Innovations offer to students!

**Donut Giveaway**
April 26 at 8 pm until gone!
Come to the EB lobby for a study break with Krispy Kreme donuts and Tim Hortons Coffee.
