

BACHELOR OF SCIENCE

TECHNOLOGY ENGINEERING

ENGINEERING THE NEXT GENERATION OF TECH

Ready to tackle modern engineering challenges in our multidisciplinary, interconnected world?

Check out the new innovative MSU program bringing technology and engineering together!

Technology Engineering (TechE)

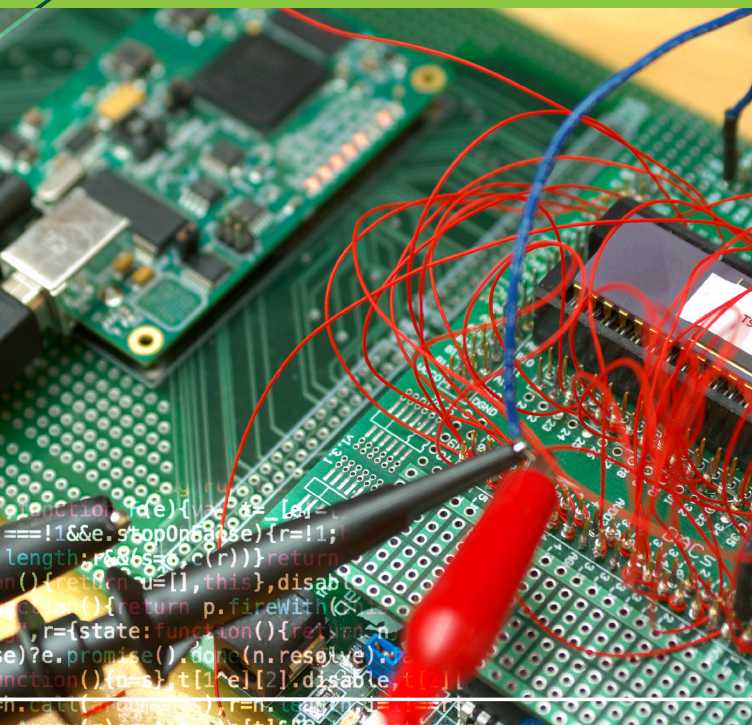

Concentrations: **Mechatronics** and **Embedded Cybersecurity**

Enrollment begins Fall 2024

Four-Year 128 Credit Program

Career options include:

- Mechatronics Engineers
- Software Integration Engineers
- Embedded System Engineers
- Robotics or Automation Engineers
- Data Engineers
- Test Engineers
- Manufacturing Engineers
- Engineering Project Managers
- Quality Assurance (QA) Engineers (software, hardware, manufacturing)
- Design Engineers
- Cybersecurity Engineers
