President
Hey Everyone! Welcome to Week 8 of Fall classes!! I hope you all are still surviving! Remember to use your peers in SWE as a resource for advice with classes. We may be able to help you get through a rough exam or just give advice on how to deal with a difficult teacher. I don't have any updates, but please sign up for all the upcoming events with community service and outreach! These are great opportunities to network with SWE members and also contribute to the community. Plus you can earn SWE Reward Points! Thanks for your hard work thus far and good luck with what is still left of the semester. Please shoot me an e-mail if you have any questions, comments or suggestions.
Best Wishes,
- Eva Reiter (reiterev@msu.edu)

Vice President
Hey Ladies! I hope your week is going well. Tonight Kellogg will be presenting on "Managing Parenthood and/or Outside Hobbies while Managing your Career". We have 4 panel members for our discussion tonight and their bios are as follows:

Joe Doe, Director, Morning Foods Packaging
Has been with Kellogg since graduating from WMU in 1980 w/ BS in Electrical Engineering. Joe also has a MS from the University of Technology with a concentration in production planning. He has managed many large projects, including Special K Red Berries and P200 Milk and Cereal Bars. Joe also has experience managing global projects.

Kevin Jennette, Sr. Engineer, International
Kevin has been the Director of Innovation, Operations Manager at Pikeville, and had several engineering roles in Morning Foods and Snacks. He has been with Kellogg since 1999. Prior to this, he worked for Quaker Oats in Cedar Rapids, IA and Ralston Foods. His undergraduate degree is from Michigan Tech in mechanical engineering and he also has an MBA from the University of Phoenix. Kevin has experience managing over 350 employees, managed several large innovation programs for operations, and many large projects, including installation and startup of a line to repatriate 26 products simultaneously. Kevin is married with two kids and three dogs. His son is 13 and his daughter is 10.

Shelley Crawford, Morning Foods Process Engineer
Shelley graduated from MSU in 2006 with a BS in Biosystems Engineering and a Food Engineering Concentration. She has worked for Kellogg since May 2006. She has worked on several innovation projects including Froo Loops Smoothie cereal (US & Canada), Wild Animal Crunch cereal, and several movie promotional cereals such as Indiana Jones, Shrek, Kung Fu Panda, High School Musical III, and Hannah Montana. Most recently, she completed the engineering design work, install, and start up of a new cereal facility in Belleville, Ontario. This facility produces 4 different types of Kellogg’s Frosted Mini Wheats. Shelley has now been married for two years. She enjoys running, spending time with her nieces, 4 & 8, and socializing with her friends. She is an active member of SWE and serve as the Chair of the Board for the Great Lakes Section of the Institute of Food Technologists.

Maggie Austin, Director, Morning Foods Engineering supporting Bakeries
Prior to that, Group Engineering Manager, Morning Foods Process Engineering
Prior to that Senior Process Engineer, process engineer, associate project engineer
She’s been working at Kellogg for a little over 7 years. She has worked as a Project Engineer for General Mills at their then Toledo OH cereal plant, and as a construction administrator and mechanical engineer for Tennessee Valley Authority in their Fossil Fuel Power Division.

Maggie has a BS in Mechanical Engineering from University of Kentucky and Master of Engineering in Professional Practice from University of Wisconsin. She is currently a director with Morning foods, but has previous experience has a Group Engineering Manager-Morning Foods Process Engineering, Senior Process Engineer, process Engineer, Associate Project Engineer. She has now been with Kellogg for 7 years. She has had the opportunity to manage successfully projects from research and development through field installation, ranging from $5,000 to more than $10MM. She also has had the opportunity to manage people in their career assignments and individual development, which is one of the most rewarding parts of her job. Maggie is married with one son, 18 and is an active member of SWE and local church.

Our next meeting will be on October 29th with Norfolk Southern, so please be sure to come out for that as well! Good Luck with midterms :) 

- Lauren Kloock (l.kloock@gmail.com)
Treasurers
Hello SWE! This week is the deadline for the t-shirt submissions for the College of Engineering t-shirts we will be printing. If you missed it, we will have another t-shirt design contest later in the year for our SWE shirts, so keep that in mind. We will keep you posted on the winner of the t-shirt design contest as well as on our t-shirt order. Have a great week!
- Lauren Blair (blairlau@msu.edu)
- Linsey Seitz (seitzlin@msu.edu)

Secretaries
Hey everyone! We hope that the first half of your semester went well. Just a reminder that you can earn points (and prizes) for attending SWE events and meetings. However, you have to be a National SWE member to claim your prize. So far, there’s quite a few of you that have earned enough for a 5 point prize, which is a window sticker!!! Please see us to claim your prize at today’s meeting and keep up the good work in being an active SWE member!
- Kristen Pace (pacekris@msu.edu)
- Bethany Wenzel (wenzelb1@msu.edu)

Corporate Relations
Hello SWEsters! We hope your semester is going great so far. Just a quick reminder regarding resumes. Make sure to have them e-mailed to swe_resumes@yahoo.com by THIS FRIDAY!! Your resumes will be placed on a CD that we will hand out to the companies that come and give presentations and also those that attend the banquet in the winter. It’s a great opportunity to get your name out there, so make sure you don’t miss the deadline! Good luck with all of your classes!
- Becky Burns (burnsreb@msu.edu)
- Mahlet Garedew (garedewm@msu.edu)

Community Service
Hey Girls! Just a reminder about the community service events we have coming up... Our second trip to Ronald McDonald House is this Monday, Oct 20th. If you want to come help us make dinner, we will be meeting in the lobby of the Engineering Building at 4:45. Becca and I will be providing the transport, so no worries. We’ll bring the food, you just have to show up on time. We will get back to the EB around 7:30.
For those of you who like to plan ahead, our Habitat for Humanity event is Sat, Nov 15th and our next Ronald McDonald trip is Thursday, Nov 20th, so mark your calendars! One last thing... don’t forget to keep collecting your pop tabs! Ask your family and friends to help. The more pop tabs you bring in, the more points you get for your SWE total and, more importantly, the more money we can raise to help support Ronald McDonald House.
Thanks!
- Kelly Peterson (peter619@msu.edu)
- Becca Forbes (forbesre@msu.edu)

Social
Hello Fellow SWEsters! We hope everyone is surviving midterms! We would like to thank you for all of you that came out last Saturday for Uncle John’s Cider Mill! It was a blast! Coming up this month we have a Halloween Movie Night on Monday October 27th at 7PM. It will be at Campbell Media Lounge, so for those of you who don’t know where that is we can meet at Union and walk over from there. Bring your favorite movie and we’ll take a vote and watch the winner! And remember that Halloween movies don’t have to be scary! Hope to see everyone there!
- Chelsea House (houseche@msu.edu)
- Catherine Dudgeon (dudgeonc@egr.msu.edu)

Go State!!
Beat OSU!
Election Day is November 4, 2008 and it is the time when U.S. citizens head to the polls to elect a new president and vote on various proposals and issues. As a young adult, you have the right to vote and make a difference. No matter what your political views may be, make sure to take the opportunity to vote in 3 weeks!

SWE Members of the Week

**The Basics**

**Class:** Sophomore  
**Major:** Chemical Engineering  
**Hometown:** Troy, MI

**What Is Your Favorite...?**

Ice Cream Flavor: Vanilla  
Sport: Golf  
Season: Summer

**What other student organizations are you involved with?**

AICHE

If you could travel anywhere in the world, where would it be? Italy

---

**President**

Class: Senior  
Major: Mechanical Engineering  
Hometown: Haslett, MI

**What Is Your Favorite...?**

Ice Cream Flavor: Grasshopper  
Sport: Soccer & Hockey  
Season: Late Spring

**What other student organizations are you involved with?**

Pi Tau Sigma

If you could travel anywhere in the world, where would it be? Australia
