Hey SWE!
Today we have the pleasure of having Dr. Katy Luchini Colbry present.
Dr. Katy Luchini Colbry is an MSU alumna, with undergraduate degrees in Computer Science and in Political Theory and Constitutional Democracy. As the Director for Graduate Recruiting in the College of Engineering at Michigan State University, Dr. Colbry advises students considering graduate studies, recruits students to attend MSU, and supports current MSU graduate students. Please join me in welcoming her!
Next meeting will be in two weeks and will feature IBM. We hope to see you there!

Outreach

Hey girls!
Wookcreek Elementary visits have been going wonderfully. The kids absolutely love that we come and visit and cannot get enough of the activities that we do. It is always a good time and if you have yet to come there is another chance coming up. The next visit is November 9th and we will be meeting in the usual place, outside Sparty’s in the Engineering Building around 12:30.

We also attended an SEC meeting and some of the other student group are interested in coming to some of the High School visits that we will be planning in the Spring. More information on that will be coming in later meetings.

Next week Continental AG will deliver a presentation about working abroad. They are one of the top automotive suppliers in the world (customers include Ford, GM, BMW, Porsche, Toyota and more) with global locations in 6 out of the 7 continents (sorry Antarctica!). The presentation will be 11/2 (next Tuesday) at 6pm in 2243 EB. Dinner will be provided. Although anyone in engineering is welcome to attend, the presenter is a national SWE member and would like to meet members from our chapter. I hope to see you there!
