Department of Civil and Environmental Engineering  
Michigan State University  
November 2013

The Department of Civil and Environmental Engineering has adopted the following program educational objectives (PEOs) which are shared by its baccalaureate programs in both civil and environmental engineering. Recent graduates (e.g., 3-5 years after graduation) of the programs will be enjoying career success and:

- have advanced in civil or environmental engineering practice and/or pursued advanced studies;
- be engaged in life-long learning;
- be engaged in professional practice consistent with the principles of sustainable development;
- have pursued continuing professional development and leadership; and
- have obtained licensure.
