Minutes of the Engineering Undergraduate Studies Committee (EUSC)

September 12, 2019

Present, EUSC: Enbody (CSE), Hirn (CMSE), Masten (ENE), Kirk (BAE), Genik (AES), Ofoli (CHE), Roccabianca (ME), P. Chahal (ECE, UCC), Millar (Student)

Absent, EUSC: Idema (DE), Aviyente (ECE), Lietaert (Student)

Also present: Pease (DE)

1. Agenda: APPROVED

2. Introduction of members

3. Election of Chairperson: Laura Genik was elected to chair the committee for the 2019-2020 academic year.

4. Minutes of March 28, 2019 were APPROVED.

5. Engineering Preference Majors were APPROVED.

6. Computer Science is moving to online instructor SIRS forms FS19. This was a point of information that was shared.

7. Discussion….128 Credits VS 120 or 124 credits. The question was raised if programs should require general electives for engineering degrees. Impetus of discussion arose from the University’s move to block tuition, thought being that students will broaden their degrees by adding electives to their own block. The committee felt this was a deeper issue as to the extent of technical depth in the programs and referred the question to program curriculum committees.

Meeting was adjourned at 9:58 am

Respectfully submitted,

L. Genik
For Amanda Idema
Secretary
