Minutes of the Engineering Undergraduate Studies Committee (EUSC)

September 10, 2020

**Present, EUSC:** Genik (AES), Safferman (BAE), Gates (CEE), Hirn (CMSE), Enbody (CSE), Aviyente (ECE), Grimm (ME), C. Boehlert (CHE, UCC), Macpherson (Student), Stack (student)

**Absent, EUSC:** Ofoli (CHE)

**Also present:** Idema (DE), Fiasky (DE), Pease (DE), Reynolds (DE), Alocilja (BE)

1. **Agenda:** APPROVED

2. Introduction of members

3. Election of Chairperson: Laura Genik was elected to chair the committee for the 2020-2021 academic year.

4. **Minutes** of April 9, 2020 were APPROVED.

5. A new course, BE 440 Entrepreneurial Engineering for Innovation in Health and Safety was approved with a minor edit.

6. A new course, AESC 110 AES as a Profession was approved with a change to the restrictions, allowing any undergraduate in the COE to enroll.

7. The FS21 version of the AES program was approved. The change included removing the Media & Information concentration and adding a new concentration, Business Analytics. Students that select the Business Analytics concentration must complete the Data Science Minor. Other changes included adding AESC 110, replacing ENE 280 with ENE 371 and other minor “clean up”.

8. Rich Enbody reported out from the first meeting of UCUE, noting that a SS21 decision will likely come in October. Open discussion followed with regards to classroom issues in remote learning. Most issues are common across departments (e.g. time zone concerns, international access to software, etc.)

Meeting was adjourned at 9:54 am

Respectfully submitted,

Amanda Idema
Secretary
